Good evening Nick.

As discussed, I appreciate your assistance and offer to send my written submission to the members of Heritage Vaughan.

My submission is as follows:

I am very supportive of the recommendations in the report to replace the picture windows at the "Remax" building, 7646 Yonge Street, Thornhill.

As indicated in the report, the proposed muntin windows are consistent in pattern with the original design and intent noted in the 1990 site plan agreement.

The muntins will enhance the beautiful Georgian revival heritage style of the Remax building which features so prominently on Yonge Street within the Thornhill Heritage Conservation District.

Thank you again very much.
Kindly confirm receipt of this email.
