COUNCIL MEETING MINUTES – JUNE 29, 2020

CARRIED

Resolution of Mayor Bevilacqua, dated June 29, 2020.

Whereas, The GTA West transportation corridor is required and the City of Vaughan fully supports the project;

Whereas, The Ministry of Transportation has identified a Technically Preferred Alternative and presented the findings at Vaughan Committee of the Whole on November 12, 2019;

Whereas, The City of Vaughan position on the GTA West was stated, by Council resolution on November 19, 2019;

Whereas, York Region Council reiterated their position on the Technically Preferred Alternative at Regional Council on May 28, 2020;

Whereas, The Ministry of Transportation proceeded to assess new alignment options in west Vaughan in response to concerns identified by numerous stakeholders;

It is therefore recommended:

1. That the City of Vaughan requests that the Ministry of Transportation (MTO) develop, as part of the Environmental Assessment Study, a highway alignment that minimizes impact to existing residential communities and minimizes impacts to the environment, including agricultural lands;
2. That the City of Vaughan requests that the MTO develop, as part of the Environmental Assessment Study, a highway alignment that will not impact the North Kleinburg-Nashville Secondary Plan Area;
3. That Council reiterate its position that the MTO be requested to integrate the provision of at least one full interchange with Highway 400 to service the 400 North Employment Area Secondary Plan (OPA 637) area as previously adopted by Vaughan City Council at its meeting of June 28, 2011;
4. That Council reiterate its position that the MTO be requested to reduce the Focus Analyses Area once the Technically Preferred Alternative has been finalized to allow these lands to be released in order to proceed to a future development approval process; and
