To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development Planning

Date: May 12, 2022

Name of Owner: Jagdish Dhillon, Amandeep Dhillon, and Sarbjit Dhillon

Location: 35 Lee Anne Court

File No.(s): A076/22

Proposed Variance(s) (By-law 1-88):

1. To permit a maximum lot coverage of 13.19%.

By-Law Requirement(s) (By-law 1-88):

1. A maximum lot coverage of 10% is permitted.

Official Plan:

City of Vaughan Official Plan 2010 ("VOP 2010"): "Low-Rise Residential" and "Natural Areas"

Comments:

The Owner is requesting to permit the construction of a proposed one-storey addition and covered porch with the above noted variance.

The proposed dwelling will have a lot coverage of 12.84%, while the proposed covered porch will have a lot coverage of 0.35%. The dwelling coverage complies with Zoning By-law 01-2021, which was enacted by Vaughan Council on October 20, 2021, but has been appealed to the Ontario Land Tribunal and is not in-effect. As such, the Development Planning Department has no objection to proposed variance for increase in lot coverage.

In support of the application, the Owners have submitted an Arborist Report and Tree Inventory and Protection Plan prepared by Green- WHY Landscape Inc., dated October 6, 2021. The report inventoried 39 trees, one of which is proposed to be removed. Urban Design staff have reviewed the report and concur with its recommendations.

Accordingly, the Development Planning Department can support the required variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application, subject to the following conditions:

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

1. That the final Site Plan, Grading Plan, and Tree Preservation Plan be approved to the satisfaction of the Development Planning Department.

TRCA staff have reviewed the application and offer the following comments for the consideration of the Committee of Adjustment.

Purpose of the Application

It is our understanding that the purpose of the above noted application is to request the following variance under Zoning By-Law 1-88:

The noted variance is being requested to facilitate the construction of an addition to the existing single family dwelling.

Ontario Regulation 166/06

The subject lands are located entirely within TRCA's Regulated Area due to a valley corridor associated with the Humber River and a Provincially Significant Wetland (PSW) located on adjacent lands to the south of the site. In accordance with Ontario Regulation 166/06 (Regulation of Development, Interference with Wetlands and Alterations to Shorelines and Watercourses), development, interference or alteration may be permitted in the Regulated Area where it can be demonstrated to TRCA's satisfaction that the control of flooding, erosion, dynamic beaches, pollution, or the conservation of land will not be affected.

Application-Specific Comments

TRCA issued a permit to facilitate the construction of the proposed addition and a septic system on February 14, 2022 (TRCA Permit No. C-220146).

Based on a review of the plans submitted with this variance application, TRCA is satisfied that the noted works are consistent with the plans that were approved as a part of TRCA Permit C-220146. As such, TRCA has no concerns with the proposed variance.
