Date Applicant Confirmed Posting of Sign:	May 12, 2022

Was a Zoning Review Waiver (ZRW) Form submitted by Applicant:	No	
*ZRW Form may be used by applicant in instances where a revised submission is made, and zoning staff do not have an opportunity to review and confirm variances prior to the issuance of public notice.

**Proposed Variance(s) (By-law 001-2021):**

1. To permit hard landscaping to encroach into the minimum required interior side yard up to 0.03 m from the interior side lot line.

**By-Law Requirement(s) (By-law 001-2021):**

1. Hard landscaping is permitted to encroach into a minimum required yard up to 0.6 m from the interior side lot line.

**Proposed Variance(s) (By-law 1-88):**

2. To permit a parking space in the garage with the minimum internal garage length of 5.69 m.
3. To permit a portion of a garage attached to a Single Family Detached dwelling to be converted into a Secondary Suite.

**By-Law Requirement(s) (By-law 1-88):**

2. The minimum length required for a parking space is 6.0 m.
3. A garage attached to a Single Family Detached dwelling shall not be converted into a Secondary Suite.

**Official Plan:**

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

**Comments:**

The Owner is requesting to permit the existing garage parking space and the construction of a hard landscape walkway to accommodate a proposed basement entrance in the northern side yard which will provide access to a secondary suite.

The Development Planning Department has no objection to Variance 1 as the proposed hard landscape walkway will consist of permeable pavers, which the Development Engineering Department has reviewed and is satisfied that drainage along the side yard will be maintained. The hard landscape walkway facilitates the required 1.2 m clear path to the basement entrance for a secondary suite.

The Development Planning Department has no objection to Variance 2 as the existing parking space has been reviewed by the Development Engineering Department and they have no objection. The parking space also complies with Zoning By-law 001-2021, which was enacted by Vaughan Council on October 20, 2021, but has been appealed to the Ontario Land Tribunal and is not in-effect.

The Development Planning Department has no objection to Variance 3 as the only portion of the garage that will be acting as a secondary suite is the room with the staircase entrance to the basement. The secondary suite also complies with Zoning By-law 001-2021.

Accordingly, the Development Planning Department can support the required variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

**Recommendation:**

The Development Planning Department recommends approval of the application.

**Conditions of Approval:**

If the Committee finds merit in the application, the following conditions of approval are recommended:

TRCA wishes to confirm that it has **no interests or concerns with the above noted application.**

Based on a review of our available mapping, the subject property is not within TRCA's Regulated Area. As such, a permit from TRCA pursuant to Ontario Regulation 166/06 would not be required for any development or site alteration on the property. Furthermore, the site is not within the Well Head Protection Area for Quantity control (WHPA-Q2) per the Source Protection Plan, so no water balance would be required.

Should further clarification be required, please contact the undersigned at your convenience.
