Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL		
All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.		
#	DEPARTMENT / AGENCY	CONDITION(S) DESCRIPTION
1	Development Engineering farzana.khan@vaughan.ca	<p>Staff have confirmed that the property is located within an unassumed subdivision. The Owner/applicant shall provide satisfactory notification to the developer/builder and approval (Letter or email) of the minor variance and proposed work to the property in question and provide a copy of the notification and approval to the City's Development Engineering Department.</p> <p>The Owner shall provide a written Letter of Undertaking (template can be requested from DE) to the satisfaction of Development Engineering to install permeable pavers in order to facilitate drainage as per design drawing prepared by Excel Engineering Inc. provided on May 25, 2022.</p>

IMPORTANT INFORMATION – PLEASE READ
<p>CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.</p>
<p>APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.</p> <p>An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.</p> <p>A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.</p> <p>Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.</p> <p>Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.</p>
<p>DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.</p> <p>That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.</p> <p>That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment</p> <p>That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.</p>
<p>NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will not receive notice.</p>

Other Comments:

General Comments	
1	The applicant shall be advised that additional variances may be required upon review of detailed drawing for building permit/site plan approval.

Conditions of Approval:

If the committee finds merit in the application, the following conditions of approval are recommended.

* Comments are based on the review of documentation supplied with this application.

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development Planning

Date: June 8, 2022

Name of Owner: Sekhon Sarabjit Kaur

Location: 42 Stilton Avenue

File No.(s): A136/22

Proposed Variance(s) (By-law 001-2021):

1. To permit hard landscape to encroach into a minimum required yard up to 0.0 m from the interior side lot line.
2. To permit a 0.3 m window well encroachment into the required 1.2 m unobstructed hard landscaped surface walkway.

By-Law Requirement(s) (By-law 001-2021):

1. Hard landscape is permitted to encroach into a minimum required yard up to 0.6 m from the interior side lot line.
2. The entrance to a secondary suite shall be accessible from the street by an unobstructed hard landscaped surface walkway measuring a minimum of 1.2 m in width, or from a driveway.

Proposed Variance(s) (By-law 1-88):

3. To permit a 0.3 m window well encroachment into the required 1.2 m unobstructed hard landscaped surface walkway.

By-Law Requirement(s) (By-law 1-88):

3. The entrance to a secondary suite shall be accessible from the street by an unobstructed hard landscaped surface walkway measuring a minimum of 1.2 m in width, or from a driveway.

Official Plan:

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Comments:

The Owner is requesting relief to permit the construction of a hard landscape walkway to provide access to a proposed secondary suite entrance in the northern side yard. The proposed walkway will run through the southern side yard and wrap around the rear of the dwelling.

The Development Planning Department has no objection to Variance 1 as the proposed hard landscape walkway will consist of permeable pavers, which the Development Engineering Department has reviewed and is satisfied that drainage along both side yards will be maintained. The hard landscape walkway facilitates the required 1.2 m clear path to the secondary suite entrance.

The Development Planning Department has no objection to Variances 2 and 3 as the encroachment caused by the one window well near and below grade along the south wall is minor in nature and will not impede safe access to the secondary suite.

Accordingly, the Development Planning Department can support the requested variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-laws, and is desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

None

COMMENTS:

- ☐ We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- ☒ We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
