Dear Mayor, Regional Councillors, Councillors;

I'm writing to ask:

- A) You ratify the motion made by Councillor lafrate, at the June 7<sup>th</sup>, 2022 meeting, to refuse the application. I ask you do not support continued temporary use & potential expansion of the operation.**
- B) For a recorded vote**

As a resident, I have the expectation that you do not accept this as what typically happens on the urban peripheral boundary. Regarding another matter discussed at CW (1) a comment (paraphrased) was made, it is not ideal to mix up Employment and Residential traffic. How is our area of Vaughan any different from another Community area in Vaughan? We all deserve the same considerations. I hope there is no change of heart from CW (1) June 7<sup>th</sup>, 2022 meeting and the Council meeting on June 28<sup>th</sup>, where the Public has no chance to speak.

From observations, to-date the current placement of the jersey barriers seem to have little effect preventing trucks of all sizes from making left turns out and right turns into the property. I've written and spoken about the impact on us as residents – noise, dust, particulate matter, diesel emissions and noise/dust from trucks shipping in materials and concrete trucks driving past our home.

As a resident, I look forward to being represented, I again ask:

- A) You ratify the motion made by Councillor lafrate, at the June 7<sup>th</sup>, 2022 meeting, to refuse the application. I ask you do not support continued temporary use & potential expansion of the operation.**
- C) For a recorded vote**

Kind regards,  
Alexandra Ney  
Resident of King Vaughan Road
