TITLE: THINKING GLOBALLY, ACTING LOCALLY IN VAUGHAN

FROM:

Councillor Tony Carella

Whereas, global warming is an accepted fact by the bulk of the world-wide scientific community and

Whereas, to be successful in addressing of the problem of global warming, every sector of society in every part of the world must make its contribution to that effort; and

Whereas, the exhortation to “Think globally, act locally” makes the best sense in the context of reversing global warming;

It is therefore recommended:

1. That appropriate staff of the City of Vaughan bring forward to the Council meeting of June 28, 2022, a list of five “quick wins” appropriate at the municipal level to address the issue of global warming.
