As an original home owner on Giotto Cres I oppose this latest proposal. I'm counting on City Council to support all of us on Giotto Cres to deny this proposal.

Thank you Tony Gullo

I ABSOLUTELY OPPOSE to this new proposal. I am counting on City Council's continued support to stop this building from going up an area zoned for low rise residential homes.

We will continue to fight this ridiculous proposal!!!

As it has been mentioned many times before if you want this high rise that bad then build it in your neighborhood/backyard!!
