Dear Mayor Bevilacqua and Members of Council,

While the Concord West Ratepayers Association is on record of being in favour of the redevelopment of the above noted property, with some reservations, which have been addressed by the owner; we also understand that the residential neighbours abutting these properties have some concerns. It is in this light, that the CWRA is asking that you delay the approval of this development in order that the owner and the neighbours have a more wholesome discussion in an attempt to resolve some questions and issues that are still not satisfactorily addressed.

We ask that this application be delayed until September 30, 2018.

Respectfully submitted,

Cathy Ferlisi
