Approval Authority: Council		Policy Owner: DCM, Infrastructure Development	

POLICY STATEMENT

This Policy establishes a framework for the allocation of water and wastewater servicing capacity through the City's planning application review and approval process.

The allocation of water and wastewater servicing capacity is limited to the residential land use component of any Active Development Application. The industrial, commercial and/or institutional land use components of an Active Development Application do not require Allocation of Servicing Capacity.

PURPOSE

To strategically and equitably allocate water and wastewater servicing capacity to Active Development Applications within the City, ensuring efficient and sustainable use of Servicing Capacity, and the orderly distribution of same.

To ensure Active Development Applications are placed in queue for Allocation of Servicing Capacity based on one of the Priority Categories.

SCOPE

York Region assigns servicing capacity to local municipalities on a municipal wide basis or on a specific sewer-shed/water pressure district basis; local municipalities in turn allocate to Active Development Applications.

Vaughan Council is responsible for the Allocation of Servicing Capacity to Active Development Applications within the City.

POLICY TITLE: ALLOCATION OF SERVICING CAPACITY

POLICY NO.: 08.C.01

The authority to Reserve Servicing Capacity is delegated to Staff based on the provisions of this Policy.

1. Allocation

1.1. An Active Development Application shall qualify for Allocation of Servicing Capacity if:

POLICY TITLE: ALLOCATION OF SERVICING CAPACITY

POLICY NO.: 08.C.01

1.1.2. The development conforms (or will conform) to the City's current Official Plan and Zoning By-law;

1.1.3. The availability of the Servicing Capacity is not dependent on the construction and commissioning of Infrastructure Improvements; and,

1.1.4. It is ratified by Council resolution concurrently with Council approval of a Site Development Application and/or Draft Plan of Subdivision Application.

1.2. Where Servicing Capacity is available but dependent on the construction of Infrastructure Improvements:

1.2.1. Council may consider granting an Active Development Application approval in advance of Allocation subject to the inclusion of a Holding Symbol "(H)" in the implementing Zoning By-law and the requirement for a No Pre-Sale Agreement. In this situation, an Active Development Application may be reserved Servicing Capacity in accordance with the provisions of this Policy; and,

1.2.2. The Active Development Application can be considered for Allocation of Servicing Capacity by Council resolution in conjunction with the removal of the Holding Symbol "(H)" and enactment of the applicable Zoning By-law for the subject lands. This may occur no sooner than 6 months prior to the anticipated operational/in-service date for the related Infrastructure Improvements, thereby allowing a development (previously approved by Council) the ability to proceed to registration and/or building permit issuance.

2. Reservation

2.1. Reservation of Servicing Capacity to Active Development Applications shall be determined with consideration for: status of Council approval; anticipated timing of development; location; density; environmental sustainability; and, the availability of adequate City and York Region infrastructure and services which include in addition to water and wastewater (but are not limited to), transportation, stormwater, and park facilities.

2.2. An Active Development Application shall qualify for **Priority 1 Reservation** of Servicing Capacity where:

2.2.1. It is demonstrated with reasonable certainty that the Draft Plan of Subdivision may proceed to registration within the next 12 months; or in the case of a Site Development Application, that a Site Plan Agreement

POLICY NO.: 08.C.01

(or Letter of Undertaking, whichever is in affect) may be executed within the next 12 months;

2.2.2. The City is satisfied that adequate municipal infrastructure, both at the City and York Region level will be available to service the Active Development Application; and,

2.2.3. A minimum of two of the following conditions apply:

2.2.3.1. Official Plan Amendment application is approved by Council;

2.2.3.2. Zoning By-law Amendment application is approved by Council with or without the Holding Symbol “(H)”;

2.2.3.3. The Active Development Application is for an Infill Development or completion of a partially built community.

2.3. Priority 1 Reservation of Servicing Capacity shall be for a maximum period of 12 months. Priority 1 Reservation shall be automatically revoked after a period of 12 months if the Allocation has not been committed by a Council resolution.

2.4. An Active Development Application shall qualify for **Priority 2 Reservation** of Servicing Capacity where:

2.4.1. It is demonstrated with reasonable certainty that the Draft Plan of Subdivision may proceed to registration, or in the case of a Site Development Application, that a Site Plan Agreement (or Letter of Undertaking, whichever is in affect) may be executed, within the next 12 to 36 months;

2.4.2. The City is satisfied that adequate municipal infrastructure, both at the City and York Region level will be available to service the Active Development Application; and,

2.4.3. A minimum of two of the following conditions apply:

2.4.3.1. Official Plan Amendment application is approved by Council;

2.4.3.2. Zoning By-law Amendment application is approved by Council, with or without a Holding Symbol “(H)”;

2.4.3.3. The Active Development Application is for an Infill Development or completion of a partially built community; or,

2.4.3.4. The Active Development Application is geographically located within an area where the City strategically chooses to provide for deliberate growth.

2.5. Priority 2 Reservation of Servicing Capacity shall be for a maximum period of 12 months. Priority 2 Reservation shall be automatically revoked after a period of 12 months and/or at the discretion of the City.

2.6. Priority 2 Reservation of Servicing Capacity to an Active Development Application may be amended at any time.

3. Sustainability Considerations

3.1. Notwithstanding the provisions of this Policy, Allocation Priority and an Allocation Credit may be approved by Council resolution for any Active Development Application meeting the minimum qualifying criteria for any of the following sustainability incentive programs:

- 3.1.1. York Region's Servicing Incentive Program (SIP);
- 3.1.2. York Region's Sustainable Development Through LEED (Leadership in Energy and Environmental Design) Incentive Program;
- 3.1.3. Vaughan's Inflow and Infiltration Reduction Program; or
- 3.1.4. Vaughan's Sustainable Performance Metrics Program.

3.2. The focus of these programs is to promote low impact / sustainable development, as it relates to Servicing Capacity, specifically water efficiency and reduced wastewater flow from development projects, thereby improving overall system optimization and reducing infrastructure investment needed to support growth.

3.3. For specific Allocation Credit details, qualifying criteria and/or technical requirements, refer to current/available program information as provided by York Region and/or the City.

4. Redistribution of Servicing Capacity

4.1. Notwithstanding the provisions of this Policy, Servicing Capacity Allocated by Council resolution to an Active Development Application may be Redistributed if (at the discretion of the City), the Active Development Application does not proceed to registration and/or building permit issuance within 36 months. This provision does not apply to an Active Development Application qualifying for any sustainability incentive program noted in Policy 3.1 above.

4.2. The 36-month timeline shall begin once the approval of a development application is in full force and effect (if the statutory appeal period is over).

4.3. Prior to recommending the Redistribution of Servicing Capacity, the following considerations shall be assessed on a case by case basis:
