We are writing today to express our concern with allowing a restaurant on the subject location

The building in question is mainly inhabited by seniors who are very protective of their surroundings and their personal security. Allowing a restaurant that may be open to the public late in the evening will very much pose an issue of inconvenience (loud noise/smell) as well as compromise the buildings security.

My name is Angela Panno, unit 401, and I very much oppose any addition of a restaurant within our building.

Thank you
