## INTRODUCTION

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

That the general intent and purpose of the by-law will be maintained.
That the general intent and purpose of the official plan will be maintained.
That the requested variance(s) is/are acceptable for the appropriate development of the subject lands. That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

## IMPORTANT INFORMATION - PLEASE READ

CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

## IMPORTANT INFORMATION - PLEASE READ

APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.

DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.
NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will not receive notice.

Proposal: To divide a lot in two and apply for variances to facilitate the construction of a dwelling proposed for each lot and a cabana on "Lot A".

## B0015/22

The Owner has submitted Consent Application file B015/22 to sever a $1,510.0 \mathrm{~m}^{2}$ portion of the subject lands identified as "Lot B" on the submitted site plan, and to retain a $1,490.0 \mathrm{~m}^{2}$ portion of the subject lands identified as "Lot A", for the purpose of creating a new residential lot fronting onto Muzich Place.

## A236/22 (Severed Lands)

Proposed Variance(s) (By-law 001-2021):

1. To permit a maximum building height of 10.02 m .
2. To permit a maximum driveway width of 11.63 m .
3. To permit a minimum lot area of $1,510 \mathrm{~m}^{2}$.

By-Law Requirement(s) (By-law 001-2021):

1. A maximum building height of 9.5 m is permitted.
2. A maximum driveway width of 9.0 m is permitted.
3. A minimum lot area of $3,000 \mathrm{~m}^{2}$ is required.

## Proposed Variance(s) (By-law 1-88):

4. To permit a maximum building height of 10.02 m .
5. To permit a maximum driveway width of 11.63 m .
6. To permit a maximum driveway width of 6.70 m at the curb cut.
7. To permit a minimum lot area of $1,510 \mathrm{~m}^{2}$.

## By-Law Requirement(s) (By-law 1-88):

4. A maximum building height of 9.5 m is permitted.
5. A maximum driveway width of 9.0 m is permitted.
6. A maximum driveway width of 6.0 m at the curb cut is permitted.
7. A minimum lot area of $3,000 \mathrm{~m}^{2}$ is required.

## A237/22 (Retained Lands)

## Proposed Variance(s) (By-law 001-2021):

1. To permit a maximum building height of 10.0 m .
2. To permit a minimum lot area of $1,490 \mathrm{~m}^{2}$.
3. To permit a maximum building height of 4.5 m for the proposed residential accessory building (Cabana).

By-Law Requirement(s) (By-law 001-2021):

1. A maximum building height of 9.5 m is permitted.
2. A minimum lot area of $3,000 \mathrm{~m}^{2}$ is required.
3. A maximum building height of 3.0 m is permitted for the proposed residential accessory building (Cabana).

Proposed Variance(s) (By-law 1-88):
4. To permit a maximum lot coverage of $37.5 \%$.
5. To permit a maximum building height of 10.0 m .
6. To permit a maximum driveway width of 7.73 m at the curb cut.
7. To permit a minimum rear yard setback of 2.4 m to the proposed accessory building (Cabana).
8. To permit a minimum lot area of $1,490 \mathrm{~m}^{2}$.
9. To permit a maximum height of 3.45 m to the nearest point to the roof for the proposed accessory building (Cabana).

## By-Law Requirement(s) (By-law 1-88):

5. A maximum building height of 9.5 m is permitted.
6. The maximum width of a driveway at the curb cut shall be 6.0 m .
7. A minimum rear yard setback of 7.5 m is required to the proposed accessory building (Cabana).
8. A minimum lot area of $3,000 \mathrm{~m}^{2}$ is required.
9. A maximum height of 3.0 m is permitted to the nearest point to the roof for the proposed accessory building (Cabana).

Official Plan:
City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

## Comments:

B015/22
The Owner is proposing to sever the subject lands to develop a single detached dwelling on the proposed severed lands (Lot B) and one on the retained lands (Lot A). The above noted variances are required to facilitate the consent. The severed and retained lands meet the minimum lot frontage requirements of the "R1A(EN) - First Density Residential Zone" and "R1 - Residential Zone" under Zoning By-laws 001-2021 and 1-88 respectively.

The subject lands are an undeveloped lot in a low-rise residential neighbourhood. The neighbourhood is characterized by one and two-storey single detached dwellings with a large range of lot frontages and areas. The lot frontages on the south side of Muzich Place are greater than the lot frontages on the north side. The subject lands are situated on the south side of Muzich Place where lot frontages have a range of approximately 38 m to 50 m . The subject lands currently have the largest frontage on the street with a frontage of approximately 63 m .

The subject lands are designated "Low-Rise Residential" by VOP 2010. Policies 10.1.2.47.a (i-vi) speak to looking to the local lot pattern (configuration, size, height, etc.) when determining the appropriateness of a consent. As the Zoning By-law implements an Official Plan, the zone provisions are to be used as a guide to assess whether the proposed development is appropriate with respect to the Official Plan policies.

The lot frontages of the severed and retained lands, 32.47 m and 30.48 m respectively, comply with the requirements of Zoning By-laws 001-2021 and 1-88. The proposed lot areas for the severed and retained lands, $1,510.0 \mathrm{~m}^{2}$ and $1,490.0 \mathrm{~m}^{2}$ respectively, do not comply with the requirements of site-specific exceptions 14.929 and 9 (1289) under Zoning By-laws 001-2021 and 1-88. The site-specific exceptions require a minimum lot area of $3,000 \mathrm{~m}^{2}$, which is the area of the existing lot. This exception was intended to reflect the applicable policy at the time: OPA \#240 "Woodbridge Community Plan", which is no longer in effect with the implementation of VOP 2010. With respect to appropriateness with the surrounding neighbourhood lot pattern, the proposed lot frontages and areas are similar to the existing lots east of the subject lands on the south side of Muzich Place and Orr Avenue, with lot frontages and areas of approximately 40 $m$ and $1,990 \mathrm{~m}^{2}$ respectively. The proposed lots are also larger than the lots to the north, which maintain lot frontages and areas of approximately 18 m and $616 \mathrm{~m}^{2}-720 \mathrm{~m}^{2}$ respectively. The subject lands abut the rear corners of pie-shaped lots of the large lot neighbourhood to the south. The corners are largely vegetated, with the built form set further back. No adverse impacts are anticipated to the large lot neighbourhood to the south.

Therefore, the proposed lots respect both the size and configuration of the existing neighbourhood lotting fabric.

The Development Planning Department has no objection to Variances 1 and 4 for the proposed height of the dwelling as the increase is minor in nature, maintains the existing character of the neighbourhood, and is in line with previous approvals along Muzich Place and Orr Avenue.

The Development Planning Department has no objection to Variances 2, 5 and 6 for the proposed 11.63 m driveway. The maximum driveway width is measured in between the two attached garages, which establish a courtyard-like appearance in front of the dwelling. The driveway width leading up to the courtyard is 6.7 m along its length and complies with Zoning By-law 001-2021, which was enacted by Vaughan Council on October 20, 2021, but has been appealed to the Ontario Land Tribunal and is not ineffect

The Development Planning Department has no objection to Variances 3 and 7 as the proposed lot area respects the existing lotting fabric of the neighbourhood and is similar to the existing lots along the south side of Muzich Place and Orr Avenue.

## A237/22

The Development Planning Department has no objection to Variances 1 and 5 for the proposed height of the dwelling as the increase is minor in nature, maintains the existing character of the neighbourhood and is in line with previous approvals along Muzich Place and Orr Avenue.

The Development Planning Department has no objection to Variances 2 and 8 as the proposed lot area respects the existing lotting fabric of the neighbourhood and is similar to the existing lots along the south side of Muzich Place and Orr Avenue.

Upon recommendations from the Development Planning Department, the Owner has revised their application by increasing the rear yard setback and reducing the height of the proposed cabana. The Development Planning Department has no objection to Variances 3,7 and 9 for the revised cabana. The height of the cabana is in line with previous approvals in the neighbourhood and the rear yard setback now complies with Zoning By-law 001-2021. The Owner will be providing vegetative buffering to the rear of the cabana to further screen the cabana from the neighbouring properties. A condition to this effect is recommended in the Condition of Approval. With the establishment of vegetation, the cabana will not pose adverse massing impacts to the neighbouring properties and an appropriate area for maintenance access is maintained.

The proposed dwelling, covered porches, and cabana have lot coverages of $26.90 \%$, $6.26 \%$, and $4.35 \%$ respectively. The increase in total lot coverage is minor in nature, will not pose a significant visual impact to the adjacent properties, and complies with Zoning By-law 001-2021. As such, the Development Planning Department has no objection to Variance 4 for the increase in lot coverage.

The Development Planning Department has no objection to Variance 6 for the proposed driveway width as the increase is minor in nature and complies with Zoning By-law 0012021.

Accordingly, the Development Planning Department has no objection to the requested severance and is of the opinion that the proposal maintains the intent of the severance policies in VOP 2010 and the consent criteria stipulated in Section 51(24) of the Planning Act, R.S.O. 1990, c P.13. The Development Planning Department is also of the opinion that the requested variances for the proposal are minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-laws, and is desirable for the appropriate development of the lands.

## Recommendation:

The Development Planning Department recommends approval of the applications, subject to the following conditions:

## Conditions of Provisional Consent/Approval:

If the Committee finds merit in the applications, the following conditions are recommended:

## COMMENTS:

We have reviewed the proposed Variance Application and have no comments or objections to its approval.

We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below)

We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for $100 \%$ of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for $100 \%$ of Alectra's cost for any relocation work.

Subject: [External] RE: A237/22 \& A236/22 (43 MUZICH PLACE) - REQUEST FOR COMMENTS

Hi Pravina,
The Regional Municipality of York has completed its review of the above minor variances (A237/22 \& A236/22) and has the following condition:

1. Prior to the approval of the application, the City of Vaughan shall confirm that adequate water supply and sewage capacity has been allocated for the proposed new dwellings.

Many thanks,
Niranjan

Hi Pravina,
After reviewing TRCA mapping, I can confirm that the site at 43 Muzich Place is located outside of TRCA's Regulated Area. As such, we do not have comments on MV Application A236/22, A237/22 or B015/22 at this time.

Please let me know if you have any questions.

Best,
