Re: Minor Variance A296/22 and A297/22

Date: December 7, 2022

Hello,

I am a local resident living near the Joseph & Wolf Lebovic Jewish Community Campus and saw a copy of the minor variance application noted above.

I understand they are building a new 2 pad ice rink arena at the current centre and they are asking for some minor variances in order to proceed.

After speaking with a UJA representative, I was surprised to learn that the rink is being donated and there will be no cost to the city in order to make it happen, yet the community will be allowed to use it during designated times. This was very nice to hear and think it will greatly benefit the city and its residents. To me this is a great way to enhance our city and the fact that we the taxpayer don't have to pay for it is a great.

This new amenity will allow for continued use and enjoyment by my family for years to come. The minor variances they have requested seem to be just that, minor. I support their request and look forward to enjoying this new arena with my wife and 3 children once built.

Sincerely,
