Purpose

To forward, for Council's consideration, recommendations contained in the Vaughan Healthcare Centre Precinct (VHCP) Advisory Task Force Findings Report.

Report Highlights

- The VHCP Advisory Task Force is seeking approval of the recommendations contained in its Findings Report (Attachment 1).

Recommendations

The City Clerk forwards the following recommendations on behalf of the Vaughan Healthcare Centre Precinct Advisory Task Force, as contained in the Findings Report (Attachment 1):

1. THAT a Vaughan Healthcare Centre Precinct Advisory Task Force be approved to continue working towards the realization of the Vaughan Healthcare Precinct; and
2. THAT the revised Terms of Reference as contained in Attachment 1 of this Memorandum, be approved.

Background

In 2021, Council appointed the following members to the VHCP Advisory Task Force:

Hon. Maurizio Bevilacqua, Mayor, Chair;
Ward 1 Councillor Marilyn Iafrate, Vice Chair;
Altaf Stationwala, President and CEO, Mackenzie Health;
Melissa Chee, President and CEO, ventureLAB;
Rhonda Lenton, PhD, President and Vice-Chancellor, York University; and
Nick Spensieri, City Manager, City of Vaughan.

The VHCP Advisory Task Force was mandated to set the direction and priorities to realize the Cortellucci Vaughan Hospital Precinct as a destination for health and healthcare delivery, education, research, innovation, and commercialization.

One of the key milestones identified for realizing this vision was to anchor the VHCP partners – Mackenzie Health, York University and ventureLAB at the site.

In June 2022, less than three years after the original MOU was signed, Council approved recommendations to enter a ground-lease amending agreement with Mackenzie Health, and to transfer lands to York University to establish a research, education and innovation facility.
