Hi Toula,

If this item is on a current [Committee of the Whole](#) agenda, can you provide a file or application number for your communication?

With that number we can then forward to the correct administrator of that meeting.

Thank you,

I have been a resident in the area for over 25 years and so I have seen Woodbridge

change and grow during those years.

I am appalled what this government and the previous one, is doing to our once beautiful municipality. Why so many developments? Why so little green space? Why such high density of ugly but expensive, incredibly high condos?

The traffic is horrendous and nothing the city has done has eased the problem but only made it worse.

And now you are planning all these new developments along highway 7? Who is governing? The developers or the people? Where are we to go for shopping and entertainment?

**Your plans are for developments that will choke our city's streets.** Your diagrams are not actually what you plan to build. This has been proven in the past. Too much cement and not enough green, not to mention your plans to build on the green belt.

**My husband and I are both strongly opposed to such high density development in the area of Weston Rd and Hwy 7 and we believe you should listen to the residents of Vaughan and their opposition.**
