Dear Mrs DeFrancesca,

It has come to our attention that the owner of rio can on hwy 7 /400 would like to build a distributing amount of condos and destroy a shopping hub and extremely popular entertainment district for Vaughan.

First and foremost - traffic traffic traffic !! What the hell are they thinking ??? I guess \$\$\$\$ is all they are thinking about .

I'm disturbed that they would consider removing such a buzzing shopping hub from Vaughan . We shop there multiple times per week. We enjoy evening dinners at Earls , jack Astors, Moxies , shoeless joes and much more .

This will affect business in the area and people are less likely to visit the area.

The colossus movies theaters - iconic to Vaughan !!! We have nothing left but stupid traffic and condos everywhere .

This needs to be stopped !!! This is wrong and not good for the economic success of our city .

Please have my voice heard .

Thank you  
Mona O'Leary
