Hi Frank,

Thank you for your email and support. It has been brought to my attention there has been an error in the mailing distribution of the December 6th, Notice of Public Hearing for the RioCan Application. As a result, **tonight's Public Hearing for RioCan will be rescheduled** to a later date to ensure that the greatest number of residents have the opportunity to voice their concerns regarding this development. I apologize for any inconvenience that this may have caused you, however I felt it necessary to take this action to allow an increased representation for Ward 3 residents. A communication will be sent out once a new date for the Public Hearing has been confirmed. Please do not hesitate to reach out to my office in the interim. In the meantime, your communication will be added to the new agenda and presented at the new public hearing date.

I am writing you this email about my concerns. That I heard, a proposal to build multiple high-rise buildings, at the corner of Highway seven and Weston Road.

Now presently occupied by Colossus Plaza.

As a resident of ward 3 for over 20 years, and my family has been the residence's of the area for over 50 years. We and myself are disgusted to see what is going to take place, at Highway seven and Weston road.

The traffic is already horrific unbearable at times, and now the government wants to add all of those buildings in that area.

Just to let you know that my family and I are considering moving further north just to get away from all the congestion, if this monstrosity is built.

Please reply
