**Subject:** [External] Proposed Rezoning of lands at Hwy 7 & Weston Road (Famous Road & Colossus Drive)

Good Morning,

We have been residents of the Weston/7 area of Woodbridge for the past 35 years. We are very opposed to the above rezoning proposal for many reasons, namely:

The area has become very densely populated and a heavy traffic zone with the recent addition of several highrises and the subway. Adding 32 more highrises in such a small area will be devastating to the area and community. It means even more traffic, congestion and possible crime. It will also eliminate the much needed retail plazas and restaurants. It will only create more chaos and grid lock.

I note there is a public meeting tonight to discuss the above application for rezoning and am asking you to be our voice.

Regards,  
Josie Feliciani
