To whom it may concern,

My name is Jackie. My address is [REDACTED] Benjamin Dr, Woodbridge On [REDACTED].

I'm emailing you with my concerns of your new property projects that you want to start.

Here are my concerns. I'm just going to be listing them all.

- the city already has 4 acquisitions already in the works from Islington and Woodbridge Ave to Islington and Langstaff.
  - price of car insurance goes up because of more cars in the neighborhood.
  - lots more air pollution
  - more congestion in the neighborhood.
  - more speeding on the side roads
  - you never create enough parking spots for the people who live in the condo. So they go begging others for their driveway
  - garbage times change because of the construction or they don't come at all.
  - rise in congestion on Hwy 7 and local streets surrounding condos
  - police always at the condo and roads get closed off because of what the silly people in the condo don't know how to behave -more animals running loose around and when you call the city for help they don't even bother to come and check out the situation.
  - building is an eyesore
  - taking away the view of the sky and stars and the moon
  - no parking on the streets
  - lots more noise pollution
  - construction people making a mess and not cleaning up after themselves.
  - I had to call and have the dump trucks redirected the last time they did construction on Benjamin because they blocked everyone in and we couldn't get in or out for work or no emergency services could get in -when we'd speak to the for-men on the job site they just ignored us.
  - construction workers kept cutting wires to the cable, telephones,hydro etc.
  - your taking away homes from the wild life -traffic will be even more dangerous than it already is -the construction crews don't abide by the rules and regulations as to the star times in the morning -mega congestion and to close to the other homes to start building
  - it's going to be so messy
  - never finishes the job on time.
- Design is wrong for entrance onto hwy7 and Wigwoss -how do you plan on giving back to the community and the wildlife?
- why are you so greedy?
  - are you getting more of a kickback from theses condos than the ones off Islington ave?
  - why don't you even care about the people in theses neighborhoods and wildlife?

From  
Jackie
