**INTRODUCTION**

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

## INTRODUCTION

That the general intent and purpose of the by-law will be maintained.  
 That the general intent and purpose of the official plan will be maintained.  
 That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.  
 That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

## COMMITTEE OF ADJUSTMENT COMMENTS

<b>Date Public Notice Mailed:</b>	February 17, 2023	
<b>Date Applicant Confirmed Posting of Sign:</b>	February 7, 2023 and February 23, 2023	
<b>Applicant Justification for Variances:</b> <small>*As provided by Applicant in Application Form</small>	My property is an irregular lot that does not allow us to install a pool and conform to the city zoning by-law. The position of the pool we would like to install would be positioned on both the rear and side yard. Positioning the pool here is a more desirable location that allows us to utilize the backyard space better. Positioning the shed on the side yard also allows us to house and place pool equipment closer to plumbing and electrical sources and minimize digging and installing of plumbing/electrical lines.	
<b>Adjournment Requests (from staff):</b> <small>*Adjournment requests provided to applicant prior to issuance of public notice</small>	None	
<b>Was a Zoning Review Waiver (ZRW) Form submitted by Applicant:</b>  <small>*ZRW Form may be used by applicant in instances where a revised submission is made, and zoning staff do not have an opportunity to review and confirm variances prior to the issuance of public notice.  *A revised submission may be required to address staff / agency comments received as part of the application review process.  *Where a zoning review has not been completed on a revised submission, an opportunity is provided to the applicant to adjourn the proposal prior to the issuance of public notice.</small>	No	
<b>Adjournment Fees:</b> In accordance with Procedural By-law 069-2019, an Adjournment Fee is applicable to reschedule an application after the issuance of public notice where a request for adjournment has been provided to the applicant prior to the issuance of public notice.  An Adjournment Fee can only be waived in instances where adjournment of an application is requested by the Committee or staff <b>after</b> the issuance of public notice.

<b>Schedule C</b> (if required)	Correspondence (Received from Public & Applicant)
<b>Schedule D</b> (if required)	Previous COA Decisions on the Subject Land

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

### SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL

All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.

#	DEPARTMENT / AGENCY	CONDITION(S) DESCRIPTION
1	Development Planning <a href="mailto:roberto.simbana@vaughan.ca">roberto.simbana@vaughan.ca</a>	TBD

### IMPORTANT INFORMATION – PLEASE READ

**CONDITIONS:** It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (**see condition chart above for contact**). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

## IMPORTANT INFORMATION – PLEASE READ

**APPROVALS:** Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.

**DEVELOPMENT CHARGES:** That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

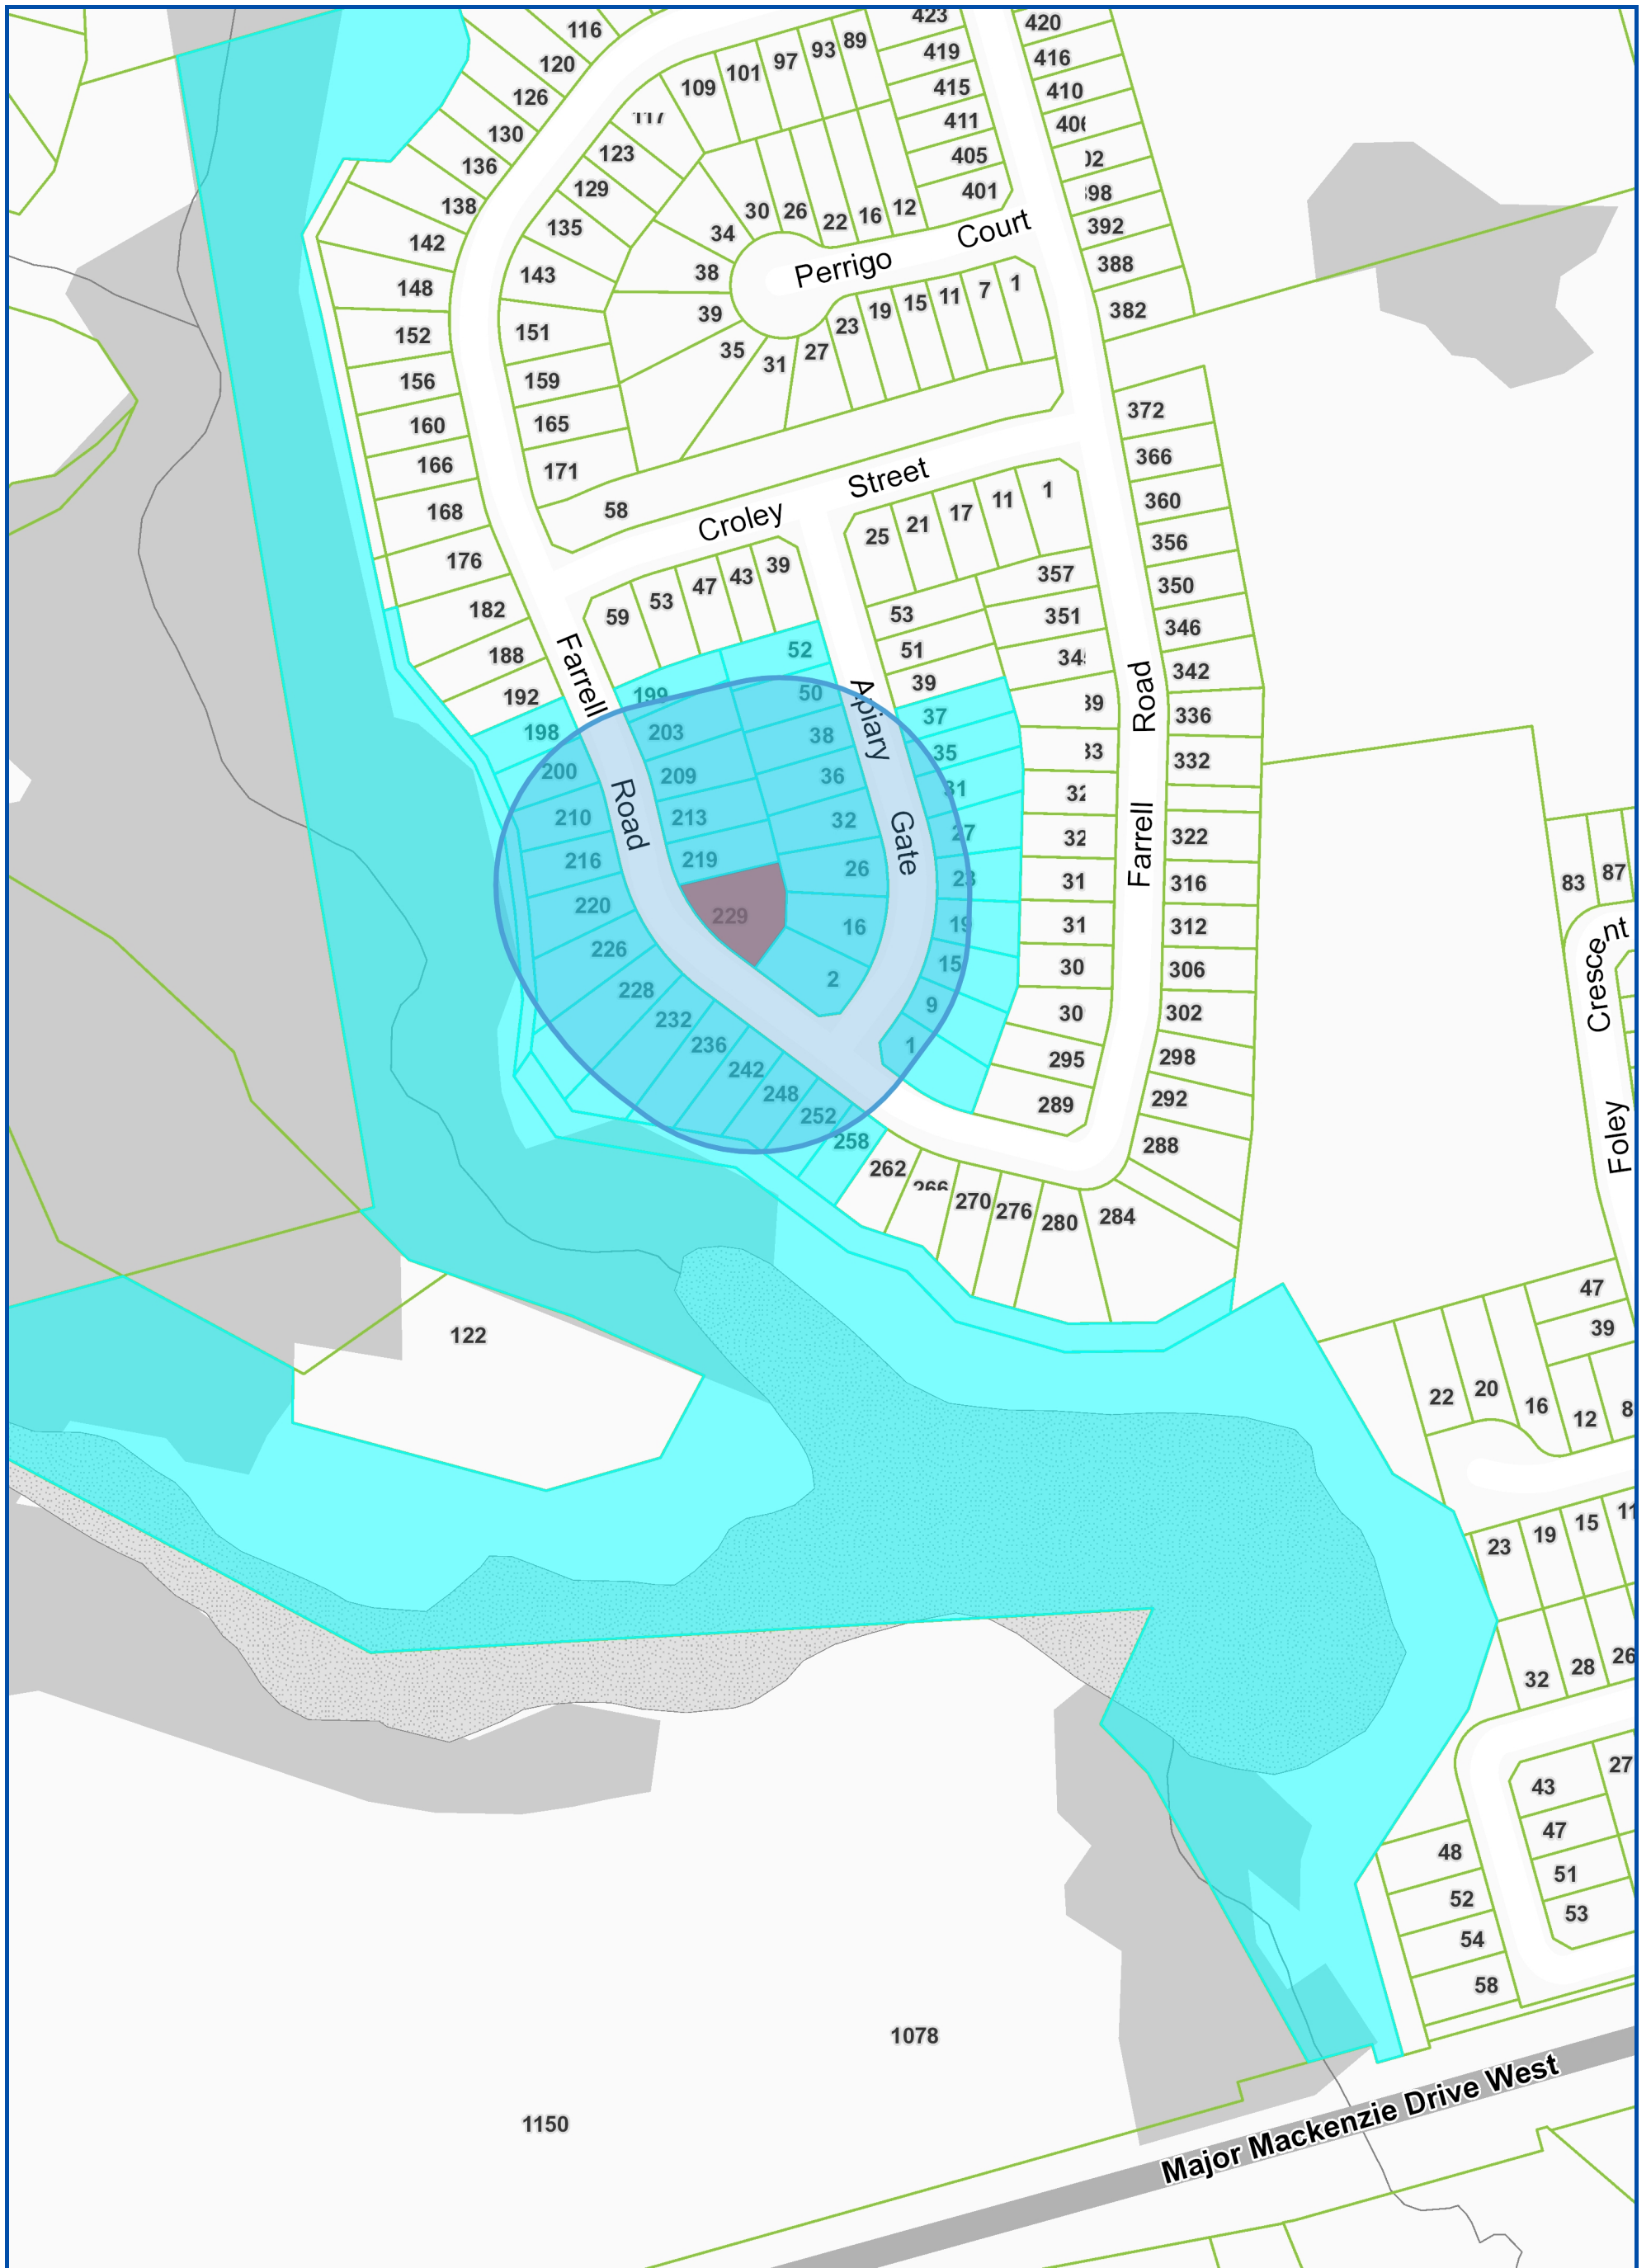

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

**NOTICE OF DECISION:** If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will **not** receive notice.

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

Dear Ian or to whom it may concern,

For my variance application I would like to give notice and make an amendment to indicate I am no longer interested in extending the driveway. Please let me know if you require any other information

Sincerely yours,
