

A photograph of a real estate sign for Andrew Ianni, 416-953-4388, placed on a pile of snow next to a large pile of dirt. A green excavator is visible in the background, and a red house is on the left. The scene is outdoors in winter.

Comments Quest on Re: DC M DEVE O MEN S D - O ICIA AN AMENDMEN I E O 2 002 ZONING B - AN AMENDMEN I E Z 2 003-8265 AND 8277 B IND ON AVENUE VICINI O IS NG ON AVENUE AND HAR MAN AVENUE

This development of early has a 1 burial decision on app owing O A 23 and Zoning By-law 200 20 8 Does the O A and Zoning by-law amendments sought change conditions o previous app ova s autho ized by a 1 burial I so does the City o Vaughan have autho ily to ove de change a previous 1 burial decision o le the app licant equi ed to j go back to the 1 burial o site the previous decision o 2) seek a u ring om a higher autho ily the cou ty?

How many times can a landowner seek to change the development per missions on a pa cel o land break their app ova s?

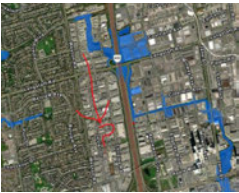

I would app eciate answers to the above open ions

It is responsible o residents o unde stand what was intended to be allowed se pa O clal ter Secondly here and p o v n c l planning po ly legisla on when it is changed n outh p o v n c l we re and t's ha d to be leve that I the app licant needs to cont nue to change the pe missions espec ally n a loodplain specal policy e see that it is uphold ng and cons e nt with the S and a l panning leg station as we l as envl onmen al agls at on the City w ll be p oced ng o develop the Block o adle Grl Cou se the nc ease n impo v oia su ades W ll have an immed s o and d e c t on the Humber R v e

I suspect the W equi ements o th s o e w ll be g eat when const uc on sta s to and the we e est acted can not be d echa ged into the Humber R v e unt eated I has to go to the ex s ng s o m o s an s y systems Both o wh ch a e n n e and MEC app oved W s shou d not compete o mpede s o m m e e capacity I don t unde s and how the cumu ative impac s o these I le piece meal decisions going on

ac use the wa e shed cou d possible be unde stood

his [video](#) app oved upst eam wh e s all the wa e be ng discha ged and why does the Na onal Golf Club need pe mision to ake a max o 442 880 on a da ly bas s fo l gation up to 24 d days pe yea Do they l ighte n the w rra It does not make sense no does the fact that 2 d y sto mwate ponds a e being conse ted o wet ponds in the same wa e shed - V l ba a k and Blackbu n on n Then the e is the mps e duc 200' landscaped bath nd commec al build ings being app oled sta ly uncha wh e s the wa e s discha ged to o what pe m ba a s a a not equal ed the a unde g oand he s e same I don t know what o hink anyone e but I have no faith that we actua ly unde stand the impacts of these decis ons I am eally conice ned at the p ox m ty of these SWM imp ovements to the VMC Black C eek sub wa e shed and the special development cha ges and SWM wo k hat must be completed to allow development to p oceed I know that wa e can t be t anle ed but so much is unde g oand it s ha d to unde stand what s happening at the bo de s of wa e sheds t s ha d to unde stand how much is the imp ovement of he ex sting SWM sys ems ve sus compensating fo upst eam and adacent g oeth l woude if my sto mwate p ope ty ax s fund ng g ow h hat s not cove ed by development fees
