---

Dear Sir/Madam,

I want to file my concern over the construction of this new building on a plot of land. And from the letter it shows that my address, which is on 6 Eddy green court is affected by the construction. My concern is the noise level emitted by the machinery. It is very loud and will affect this usually peacefully and quite suburban neighborhood. Another one of my concerns is that the machinery will disrupt local nature and animals that live in this area. This is very concerning since it is detrimental to the environment.

Thank you for attention to this letter. (Please take it with serious consideration.)  
With my best regards.
