Subject: [External] Objection to Proposed Development: Z.22.043 Location: Block 279, 65M-4491, 87 Keatley Drive

To Whom It May Concern,

I am a resident of Vaughan and am writing to express my strong opposition to Application # OP.22.022 and Z.22.043 submitted to The City of Vaughan Council/Committee for re-zoning and re-amendment of the property at 87 Keatley Drive.

I and more than 1,300 local community members have come together to petition against this application. We implore you to visit this link and read the comments put forward, www.change.org/preserveupperthornhillestates.

The proposed 15-storey high rise condo development that is being considered for construction is not compatible with the detached family homes in our low-rise, low-density neighbourhood. As a resident of this community, I am deeply concerned about the impact this development will have on the character and quality of life of our neighbourhood.

The current land use zoning for this area is designated as Neighbourhood Commercial, and I strongly believe that it should remain this way. The addition of a high-rise condo building would fundamentally alter the character of our neighbourhood and bring numerous negative impacts, including:

- Plan incompatibility with low-rise, low-density community: The proposed plan is incompatible with Vaughan's original plan of a low-rise, low-density community. This subdivision was introduced and sold with a vision of low-rise, low-density homes. When buying our homes and moving to Vaughan, we were sold on the vision and promise of a low-density community.
- Increased traffic: The traffic going in and out of the subdivision is already heavy, and this stretch of Bathurst is not a rapid transit corridor or a high-volume public transit corridor – there is no subway, no rapid transit bus routes, and no GO bus routes along this corridor. Via Romano and Fitzmaurice are already well known for having a high volume of vehicles speeding through and have been raised with the city previously.
