Dear Committee of Adjustment,

I am Ina Fainblum & my husband Ronen Fainblum join our neighbours in request to object to Sofia Olivia Cees from building a structure that will create lots of inconveniences and obstacles on our street.

The proposed cabana will create more noise, traffic and congestion on our quiet street. Visually it is not pleasant and will negatively impact the value of our house on our street.

We do not support this structure and request Sofia Olivia Cees to be denied in their request to build it.

Thank you and Regards,

Ina & Ronen Fainblum
