PUBLIC & APPLICANT CORRESPONDENCE

*Please see **Schedule C** of this report for a copy of the public & applicant correspondence listed below.

The deadline to submit public comments is **noon on the last business day prior to the scheduled hearing date.**

Comments and written public submissions received after the publication of this Staff Report will be processed as an addendum and posted on the City's Website.

All personal information collected because of this public meeting (including both written and oral submissions) is collected under the authority of the Municipal Act, the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA), the Planning Act and all other relevant legislation, and will be used to assist in deciding on this matter. All personal information (as defined by MFIPPA), including (but not limited to) names, addresses, opinions and comments collected will become property of the City of Vaughan, will be made available for public disclosure (including being posted on the internet) and will be used to assist the Committee of Adjustment and staff to process this application.

**COMMITTEE OF ADJUSTMENT REPORT
MINOR VARIANCE APPLICATION
A033/23
29 ORLEANS CIRCLE WOODBRIDGE**

ITEM NUMBER: 6.11	CITY WARD #: 3
APPLICANT:	Michael and Gabriella Fraidakis
AGENT:	GTA Design & Engineering
PROPERTY:	29 Orleans Circle, Woodbridge
ZONING DESIGNATION:	See Below
VAUGHAN OFFICIAL PLAN (2010) DESIGNATION:	Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"
RELATED DEVELOPMENT APPLICATIONS:	None
PURPOSE OF APPLICATION:	Relief from the Zoning By-law is being requested to permit the construction of a proposed addition to the existing dwelling, being an attached cabana and swimming pool.

The following variances have been requested from the City's Zoning By-law:

The subject lands are zoned R2A–Residential Zone and subject to the provisions of Exception 14.928 under Zoning By-law 001-2021, as amended.

#	Zoning By-law 001-2021	Variance requested
1	The minimum required rear yard setback is 7.5m to the rear addition. Section 7.2.3 Table 7.4	To permit a minimum rear yard setback of 1.2m to the rear addition.
2	The minimum required interior side yard setback is 1.2m to the rear addition. Section 7.2.3 Table 7.4	To permit a minimum interior side yard setback of 0.60m to the rear addition.
3	An outdoor swimming pool shall only be permitted in the rear yard of a lot.	To permit the outdoor swimming pool that will not be in the rear yard of the lot

HEARING INFORMATION

DATE OF MEETING: Thursday, April 20, 2023
TIME: 6:00 p.m.
MEETING LOCATION: Vaughan City Hall, **Woodbridge Room**, 2141 Major Mackenzie Drive, Vaughan
LIVE STREAM LINK: Vaughan.ca/LiveCouncil

PUBLIC PARTICIPATION

If you would like to speak to the Committee of Adjustment at the meeting, either remotely or in person, please complete the [Request to Speak Form](#) and submit to cofa@vaughan.ca
 If you would like to submit written comments, please quote file number above and submit by mail or email to:
Email: cofa@vaughan.ca

Mail: City of Vaughan, Office of the City Clerk, Committee of Adjustment, 2141 Major Mackenzie Drive, Vaughan, ON, L6A 1T1

THE DEADLINE TO REGISTER TO SPEAK OR SUBMIT WRITTEN COMMENTS ON THE ABOVE NOTED FILE(S) IS NOON ON THE LAST BUSINESS DAY BEFORE THE MEETING.

INTRODUCTION

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

- That the general intent and purpose of the by-law will be maintained.
- That the general intent and purpose of the official plan will be maintained.

INTRODUCTION

That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

COMMITTEE OF ADJUSTMENT COMMENTS

Date Public Notice Mailed:	April 6, 2023
Date Applicant Confirmed Posting of Sign:	March 29, 2023
Applicant Justification for Variances: <small>*As provided by Applicant in Application Form</small>	As defined in the attached Zoning Examiner's Notice (Permit No. 22 142564 000 00 A), dated Feb 24, 2023, the current zoning of the property in subject is a Residential Detached Zoned (R2A). In the R2A zone: - The minimum required rear yard setback is 7.5m Section 7.2.3 Table 7.4. The proposed rear yard setback is 1.2m. - The minimum required interior side yard setback is 1.2m Section 7.2.3 Table 7.4. The proposed interior side yard setback is 0.60m.
Adjournment Requests (from staff): <small>*Adjournment requests provided to applicant prior to issuance of public notice</small>	<p>On March 30, 2023, Development Planning advised:</p> <p>Development Planning has completed a preliminary review of the above noted minor variance application and have some concerns with the proposal. Please see comments from Urban Design division. We believe that the proposed cabana as shown will occupy too much of the rear yard and will have adverse massing impacts to the abutting dwellings. We also believe that the proposed height is too great as is. We recognize that there is no height variance, however, that is due to the proposed cabana being an expansion of the dwelling. When reviewing reduced setbacks for dwelling expansions, we must take height into consideration as dwelling heights are not anticipated to encroach past the permitted setbacks.</p> <p>Please see the below recommendations from Development Planning.</p> <ol style="list-style-type: none"> 1. Detach the cabana from the dwelling to break up the massing along the interior side. 2. Removing the covered roof over the open portion of the cabana. It may be possible to replace this with a smaller pergola style roof instead. 3. Reduce the height of the enclosed washroom/storage portion to be as close to 3.0 m as possible. 4. Provide plantings along both the side and rear of the cabana. If plantings can't be accommodate in the proposed side yard setback then this should be increased. <p>We also wish to conduct a site visit on Monday, April 3, 2023, between 8:30 am to 9:30 pm for the purpose of evaluating the merits of the Minor Variance application you have submitted with the City of Vaughan. The site visit will take approximately 5-15 minutes depending on the nature of the proposal. Please advise if any hazards are present (construction, animals, etc.) or if there is a preferred entrance to the rear yard (if applicable). You are not required to be present for the site visit, but I can check in at the front door upon my arrival. Please specify a telephone number I can reach you as I arrive in lieu of checking in at the front door (if you prefer). I complete a self-assessment daily and am practicing social distancing during site visits. The site visit will not require my presence inside any dwelling or structure.</p> <p>On April 5, 2023, the applicant provided a revised submission as follows (and submitted a Zoning Review Waiver):</p>

COMMITTEE OF ADJUSTMENT COMMENTS

	<ul style="list-style-type: none"> - For the concerns of cabana height: we tried to match the roof of the proposed addition (cabana) with the existing ceiling of the house ground floor. By lowering the cabana roof close to 3 meters height, it will be interfered with the rear slid door of the house, as the backyard elevation is lower than the ground floor level by 0.45m. - For the concerns of cabana fully enclosed back wall: we can reduce/eliminate partially the fully enclosed back side of the cabana and make more opening in the proposed back wall of the cabana. - For the concerns of hedge planting: we are planning to have hedge planting around the proposed structure (both the side and rear of the cabana) for privacy to reduce the visual impact to the neighbors. <p>On April 5, 2023, Zoning Staff confirmed that the changes did not impact the variances identified as part of the original zoning review.</p>
<p>Was a Zoning Review Waiver (ZRW) Form submitted by Applicant:</p> <p>*ZRW Form may be used by applicant in instances where a revised submission is made, and zoning staff do not have an opportunity to review and confirm variances prior to the issuance of public notice.</p> <p>*A revised submission may be required to address staff / agency comments received as part of the application review process.</p> <p>*Where a zoning review has not been completed on a revised submission, an opportunity is provided to the applicant to adjourn the proposal prior to the issuance of public notice.</p>	<p>Yes</p>
<p>Adjournment Fees: In accordance with Procedural By-law 069-2019, an Adjournment Fee is applicable to reschedule an application after the issuance of public notice where a request for adjournment has been provided to the applicant prior to the issuance of public notice.</p> <p>An Adjournment Fee can only be waived in instances where adjournment of an application is requested by the Committee or staff after the issuance of public notice.</p>	
Committee of Adjustment Comments:	None
Committee of Adjustment Recommended Conditions of Approval:	None

BUILDING STANDARDS (ZONING) COMMENTS

DEVELOPMENT PLANNING COMMENTS

**See Schedule B for Development Planning Comments.	
Development Planning Recommended Conditions of Approval:	TBD

DEVELOPMENT ENGINEERING COMMENTS

Link to Grading Permit Link to Pool Permit Link to Curb Curt Permit Link Culvert Installation	
<p>As the proposed cabana in the subject property is 49.95m², the Owner / Applicant needs to obtain a Lot Grading Permit from Development Inspection and Lot Grading Division of the City's Development Engineering Department. Please note any in-ground structure over 10 m² requires a Grading Permit. Please contact the Development Engineering Reviewer after receiving the Grading Permit to clear the condition. (Condition attached)</p> <p>The proposed work by the Owner/ Applicant is increasing the lot coverage on the subject property. The added hardscape may have impacts on the City's Storm Water management system. Development Engineering strongly encourages the Owner / Applicant introduce Low-Impact Development (LID) measures (e.g., bioswales, permeable pavers, rain gardens, rain barrels etc.) to</p>

SCHEDULES TO STAFF REPORT

*See Schedule for list of correspondence

Schedule A	Drawings & Plans Submitted with the Application
Schedule B	Staff & Agency Comments
Schedule C (if required)	Correspondence (Received from Public & Applicant)
Schedule D (if required)	Previous COA Decisions on the Subject Land

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL

All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval "if required". If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.

#	DEPARTMENT / AGENCY	CONDITION(S) DESCRIPTION
1	Development Planning roberto.simbana@vaughan.ca	TBD

SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL

All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.

2	Development Engineering Rex.bondad@vaughan.ca	The Owner / Applicant shall submit the final Lot Grading and/or Servicing Plan to the Development Inspection and Lot Grading Division of the City’s Development Engineering Department for final Lot Grading and/or Servicing Permit prior to any work being undertaken on the property. Please visit the Grading Permit page at City of Vaughan website to learn how to apply for the Grading Permit. If you have any questions about Grading Permit, please contact the Development Engineering Department by email at DEPermits@vaughan.ca.
---	---------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

IMPORTANT INFORMATION – PLEASE READ

CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (**see condition chart above for contact**). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.

DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City’s Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

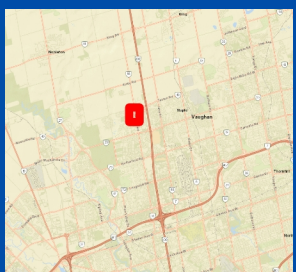

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City’s Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will **not** receive notice.

COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

VOLTAGE	MINIMUM HORIZONTAL CLEARANCE UNDER MAXIMUM SWING CONDITIONS DIMENSION "X" (SEE NOTES 1, 3 & 4)	MINIMUM VERTICAL CLEARANCE UNDER MAXIMUM DESIGN SAG CONDITIONS DIMENSION "Y" (SEE NOTES 1, 2, 4 & 5)
0-600V AND NEUTRAL	100cm	250cm
4.16/2.4 TO 44kV	300cm	480cm

NOTES

1. UNDER NO CIRCUMSTANCES SHALL A CONDUCTOR BE PERMITTED TO PENETRATE THE ENVELOPE SHOWN BY THE DOTTED LINE.
2. THE VERTICAL CLEARANCES ARE UNDER CONDITIONS OF MAXIMUM DESIGN SAG.
3. THE HORIZONTAL CLEARANCES ARE UNDER CONDITIONS OF MAXIMUM SWING. WHERE THE CONDUCTOR SWING IS NOT KNOWN A HORIZONTAL CLEARANCE OF 480CM SHALL BE USED.
4. BUILDINGS THAT EXCEED 3 STOREYS OR 15M IN HEIGHT, THE MINIMUM HORIZONTAL CLEARANCE OF THE SECONDARY CONDUCTORS SHOULD BE INCREASED TO 300cm WHERE IT IS NECESSARY TO ALLOW FOR THE RAISING OF LADDERS BY LOCAL FIRE DEPARTMENTS.
5. IN SITUATIONS SUCH AS MULTI-LEVEL GARAGES, WHERE ROOFS ARE NORMALLY USED BY PERSONS AND VEHICLES, THE VERTICAL CLEARANCES OF POWERSTREAM STANDARD 03-1 SHALL APPLY.
6. DISTRIBUTION LINES CONSTRUCTED NEAR BUILDINGS SHALL BE BUILT TO AVOID OVERHANG WHEREVER POSSIBLE. WHERE LINES MUST BE CONSTRUCTED OVER OR ADJACENT TO BUILDINGS THE APPLICABLE HORIZONTAL AND VERTICAL CLEARANCES SHALL BE AT CONDITIONS OF MAXIMUM CONDUCTOR SWING AND MAXIMUM SAG. THE ABOVE CLEARANCES ARE DESIGNED TO PREVENT PERSONS ON OR IN BUILDINGS AS WELL AS EXTERNAL MACHINERY USED IN CONJUNCTION WITH A BUILDING TO COME IN CONTACT WITH CONDUCTORS. EFFORTS SHOULD BE MADE TO INCREASE THESE CLEARANCES WHERE POSSIBLE.
7. ALL CLEARANCES ARE IN ACCORDANCE TO CSA C22.3 NO.1-06 (TABLE-9).

**Committee of Adjustment
Planning and Building Development, City of Vaughan**

Vaughan City Hall, Level 100
2141 Major Mackenzie Dr.
Vaughan, ON L6A 1T1

SUBJECT: Minor Variance Application to the Committee of Adjustment for Property Located at: 29 Orleans Circ, Woodbridge (Ward 3) Seeking a Relief from the Zoning By-law 001-2021 Requirements.

Dear Chair & Members, Committee of Adjustmen:

The Purpose of this application is to get an approval for a Minor Variance for the subject property seeking a relief from provisions of the current By-law 001-2021 requirements. Specifically, with the minimum permitted for the "interior side yard setback & rear yard setback", to construct an accessory structure (cabana canopy structure) at the backyard of the existing detached dwelling.

As defined in the attached Zoning Examiner's Notice (Permit No. 22 142564 000 00 A), the current zoning of the property in subject is a Residential Detached Zoned (R2A). In the R2A zone:

- The minimum required rear yard setback is 7.5m Section 7.2.3 Table 7.4. The proposed rear yard setback is 1.2m.
- The minimum required interior side yard setback is 1.2m Section 7.2.3 Table 7.4. The proposed interior side yard setback is 0.60m.

The owner of the house is planning to construct an accessory structure (cabana canopy structure) at the back of the house for their growing family (see attached site plan for details).

The purpose of this request is to seek a relief from provisions of the current By-law requirements, and to allow construction of the proposed accessory structure with the minimum 1.2 m rear yard setback, and the minimum 0.6 m interior side yard setback which will have no impact to the adjacent properties.

On a side note, the applicants (the homeowners), are grateful to live in a wonderful neighbourhood and city, and are actively giving back to their community on a daily basis by volunteering, participating in donations and supporting people in need.

Please see the attached supporting letters from the adjacent neighbours of the applicants, who have no concerns with the proposed plan, and are motivated to support this application.

We hope this application reaches your attention to contribute to the happiness and prosperity of this growing family through the approval of the proposal of the backyard development.

According to the above statements and attached supporting documents, we trust that the requested variances should be considered minor in nature. Therefore, granting and authorization of this variance application will keep the general intent and purpose of the Official Plan and Zoning By-law maintained.

Thank you for your consideration.

Sincerely,

Nabil (Bill) Mamiza, P.Eng.
GTA Design & Engineering

Note: This application to be commissioned by City staff.

In support of the Minor Variance application, the following items are enclosed:

1. Electronic copy of: Zoning Examiner's Notice
2. Electronic copy of: Signed Minor Variance Application, including:
 - Authorization Form
 - Chart - Confirm Variances Requested
 - Chart - Property Setbacks for all Existing and Proposed Structures
 - Chart - Size of all Existing and Proposed Structures
 - Tree Declaration Form
3. Electronic copy of: Supporting Letters
4. Electronic copy of: Site Plan, Details and Survey (Four Scketches)
5. Electronic copy of: Property Deed
6. Application Fees (to be paid by a credit Card online or over the phone system.
