Dear Committee of Adjustment:

Re: Letter of Support for File A044/23 - 125 Green Manor Crescent

We are writing to advise the Committee of Adjustment of our support for the associated application for 125 Green Manor Crescent.

We have lived beside the Zamparo's for over ten years and the existing cabana is located adjacent to our mutual property line. The current cabana has never posed an issue with us and, after reviewing the current plans for modification of such cabana, we have no concerns with the variances and support the application.

Please do not hesitate to contact us if the Committee should have any questions.

Regards,

Michele & Franca Linardi
