## INTRODUCTION

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

- That the general intent and purpose of the by-law will be maintained.
- That the general intent and purpose of the official plan will be maintained.
- That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.
- That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

<b>Schedule C</b> (if required)	Correspondence (Received from Public & Applicant)
<b>Schedule D</b> (if required)	Previous COA Decisions on the Subject Land

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

### SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL

All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “**if required**”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.

#	DEPARTMENT / AGENCY	CONDITION(S) DESCRIPTION
1	York Region <a href="mailto:developmentsservices@york.ca">developmentsservices@york.ca</a>	Prior to final approval of the application, the City of Vaughan shall confirm that adequate water supply and sewage capacity has been allocated for the proposed secondary suite.

### IMPORTANT INFORMATION – PLEASE READ

**CONDITIONS:** It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (**see condition chart above for contact**). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

## IMPORTANT INFORMATION – PLEASE READ

**APPROVALS:** Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.

**DEVELOPMENT CHARGES:** That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

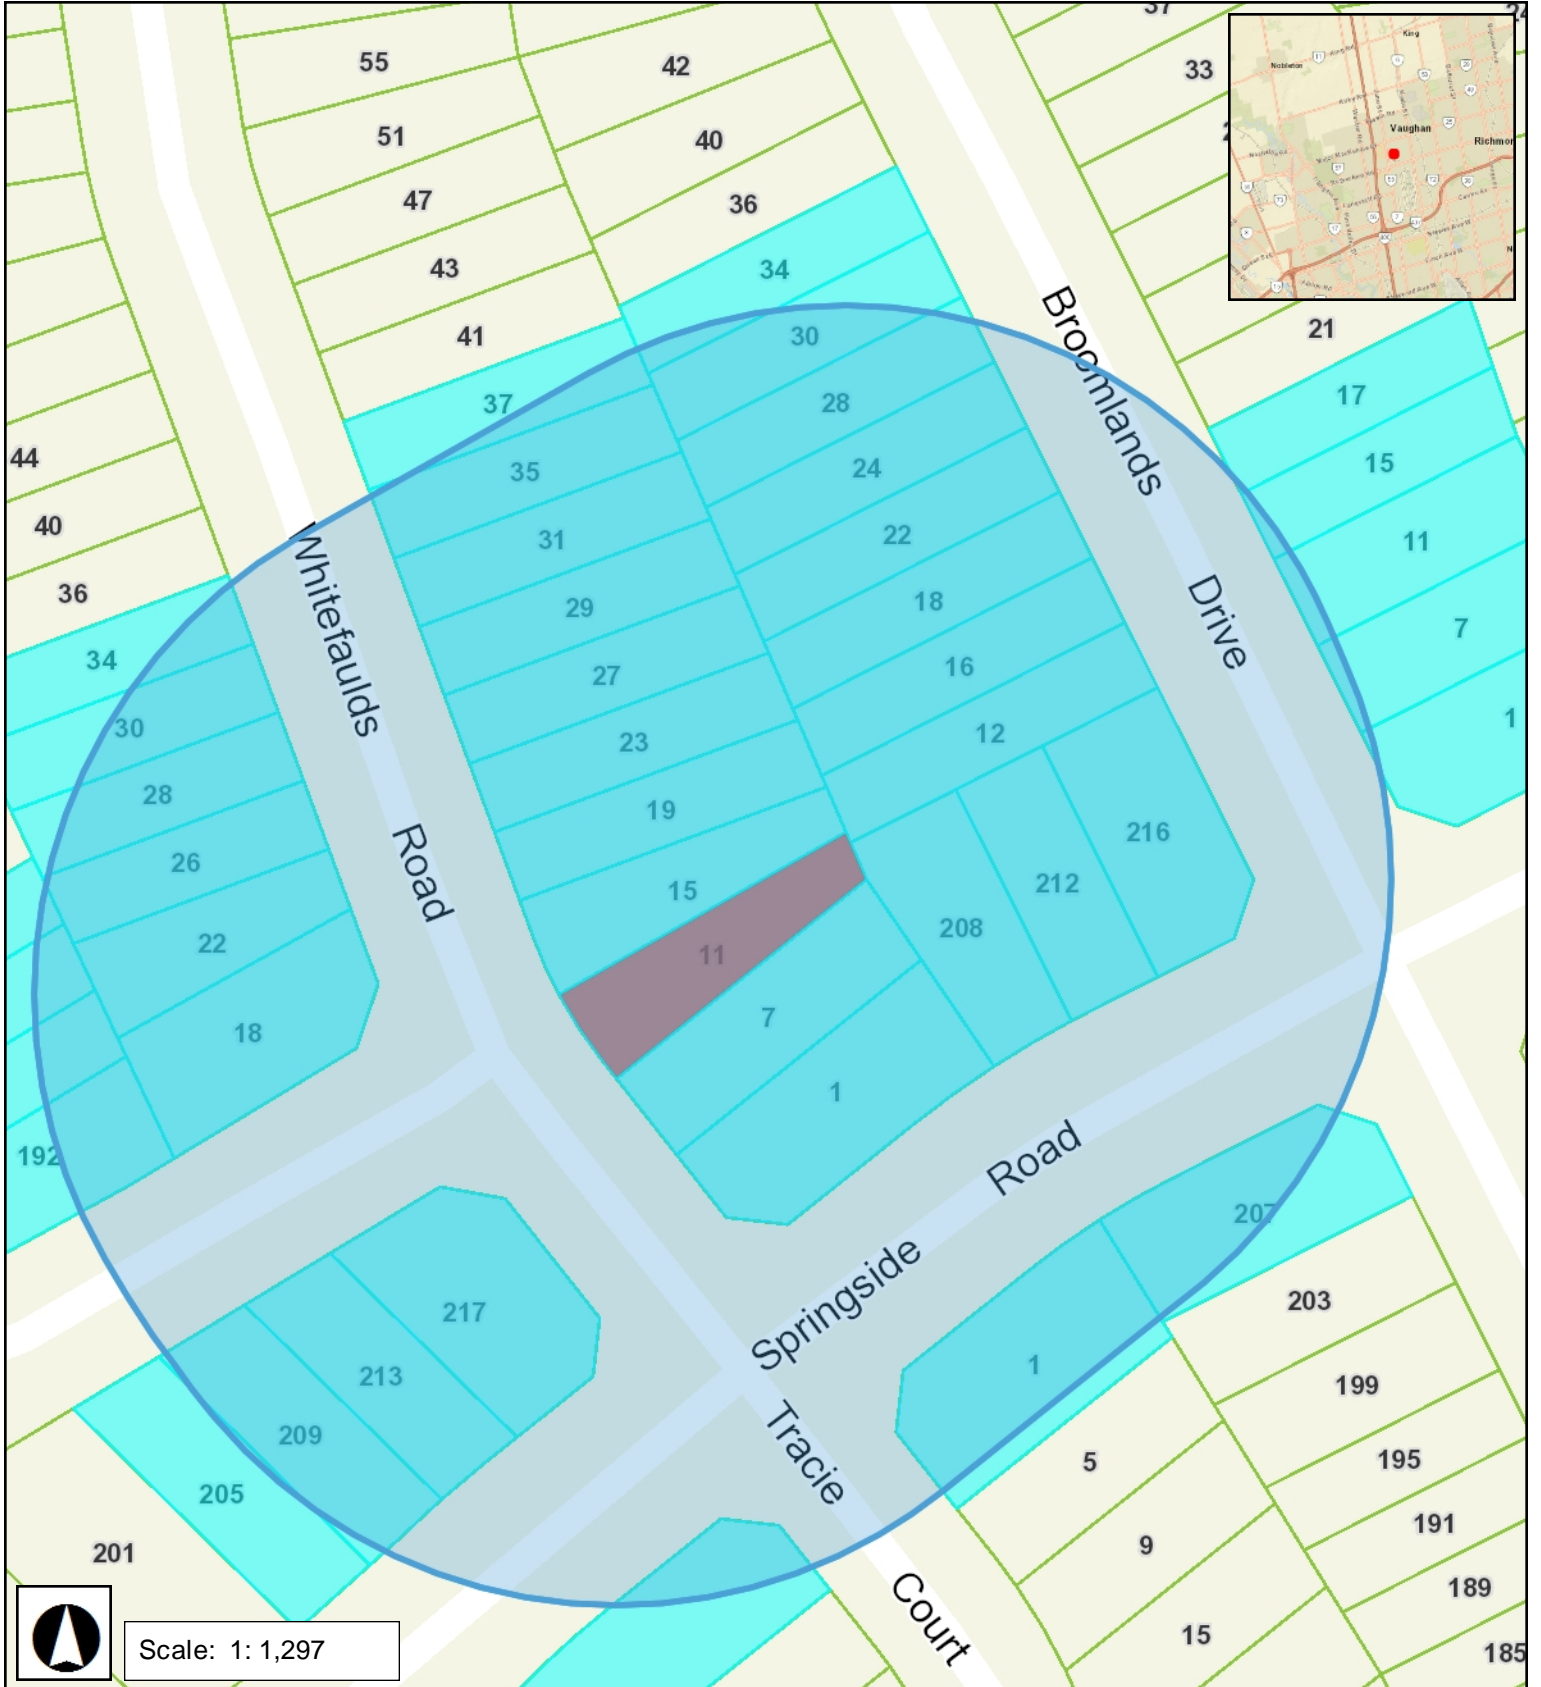

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

**NOTICE OF DECISION:** If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will **not** receive notice.

### COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

**Proposed Variance(s) (By-law 001-2021):**

1. To permit a minimum setback of 1.2 metres to the interior side doorway.
2. To permit the access stairway to encroach 0.9 metres into the required interior side yard.
3. To permit a maximum gross floor area of a secondary suite to be 49% of the total gross floor area of the principal dwelling.

**By-Law Requirement(s) (By-law 001-2021):**

1. A minimum setback of 1.8 metres to the interior side doorway is required.
2. Access stairways are permitted to encroach 0.3 metres into the required interior side yard.
3. The maximum gross floor area of a secondary suite shall not exceed 45% of the total gross floor area of the principal dwelling.

**Proposed Variance(s) (By-law 1-88):**

4. To permit the access stairway to encroach 0.9 metres into the required interior side yard.

**By-Law Requirement(s) (By-law 1-88):**

4. Access stairways are permitted to encroach 0.3 metres into the required interior side yard.

**Official Plan:**

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

**Comments:**

The Owners are requesting permission to permit a 69.2m<sup>2</sup> Secondary Suite in the basement of a single detached dwelling with the above noted variances.

The Development Planning Department has no objection to Variance 1 for the interior side door access to the proposed secondary suite as it is an inward opening door that will not impede access through the side yard or encroach onto the neighbouring property when opened.

The Development Planning Department has no objection to Variances 2 and 4. The proposed entrance to the secondary suite is on the south wall of the dwelling. The south wall is perpendicular to the front lot line, so the Secondary Suite door would not face the street. The entrance to the Secondary Suite will not have a significant impact to the existing streetscape. When viewed from the street, the front porch and door leading to the main dwelling unit will continue to be the visually prominent entrance.

The Development Planning Department has no objection to Variance 3 as By-law 001-2021 excludes basements from the total gross floor area ('GFA') calculation. The By-law's definition of GFA excludes basements. Therefore, only the main and second levels of the dwelling, comprising an area of 141.7 m<sup>2</sup>, are used in the GFA calculation. With the basement included, the total habitable space within the single detached dwelling rises to 210.9 m<sup>2</sup>, and the Secondary Suite would occupy approximately 32.81% of the dwelling's total habitable space. Development Planning recognizes that the variance is triggered due to the way in which the By-law requires the GFA to be calculated. If the GFA included the basement level, the Secondary Suite would comply with the area requirements. The Secondary Suite will remain accessory in relation to the primary dwelling unit due to its size and location relative to the primary dwelling unit.

Accordingly, the Development Planning Department can support the requested variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.
