Subject: [External] Written Submission of Opposition A040/22

Dear Committee of Adjustment,

Regarding Minor Variance case A040/22

Dear Committee of Adjustment, We are new neighbours in this community. We recently purchased this home with the prior zoning by law permit and upon the research by our real estate agent we were told that there would be no further extensions of the development across our home. Since we are directly south of the property, the 3 storey development extension will affect the sunlight, view from our home, play/yard space and new community. We kindly request for you to turn down the further variances request.

Thank you,

Beshoy Awad
