Proposal:B001/22

The Owner has submitted Consent Application File B004/21 to facilitate the severance of a 426 m² northerly portion of the subject lands and retain a 468 m² southerly portion for the creation of two residential lots.

A011/22 (Severed Lands – Northerly Portion)*Proposed Variance(s) (By-law 01-2021):*

1. To permit a minimum lot frontage of 14 m.
2. To permit a minimum lot area of 426 m².
3. To permit a maximum building height of 9 m.

By-law Requirement(s) (By-law 01-2021):

1. Minimum required lot frontage is 15 m. [Section 7.2.3, Table 7-4]
2. Minimum required lot area is 450 m². [Section 7.2.3, Table 7-4]
3. The maximum permitted building height is 8.5 m. [Section 4.5]

Proposed Variance(s) (By-law 1-88):

4. To permit a minimum lot frontage of 14 m.
5. To permit a minimum lot area of 426 m².

By-law Requirement(s) (By-law 1-88):

4. Minimum lot frontage requirement is 15 m. [Schedule 'A']
5. Minimum required lot area is 450 m². [Schedule 'A']

A012/22 (Retained Lands – Southerly Portion)*Proposed Variance(s) (By-law 01-2021):*

1. To permit the height of 8.84 m for the new building.

By-law Requirement(s) (By-law 01-2021):

 1. The maximum building height shall be the least (more restrictive) of:
 - a. The requirement of the applicable zone; or
 - b. The existing building height plus 3.0 m, but in no case shall the maximum building height requirement be less than 8.5 m. [Section 4.5]

Official Plan:

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Comments:

The lands were previously subject to Committee of Adjustment Applications B037/ 94 and A098/04 which were approved on April 28, 1994, and July 21, 1994. The purpose of the applications was to permit the severance of 'Part A' (518 Spring Gate Blvd.) and retain 'Part B' (8 Campbell Avenue), along with increasing the maximum lot coverage to 37.5%.

B001/22

The Owner is proposing to demolish the existing 1-storey single-detached dwelling and sever the subject lands to develop two new single-detached dwellings, one on each the severed (northerly) and retained lands (southerly) with the above-noted variances. The severed lands propose a lot frontage of 14 m, a lot depth of 30.52 m and a lot area of 426 m². The retained lands propose a lot frontage of 15.78 m, a lot depth of 30.52 m, and a lot area of 468 m². The severed and retained lands will continue a consistent lot pattern along Campbell Avenue and establish setbacks that are compatible with other dwellings within the R2A and R2 Zone.

A011/22 Variances #1, 2, 4 & 5 – Lot Frontage and Area

The proposed severed lands will be deficient in lot frontage by 1 m and lot area by 24 m², largely due to the subject lands having to previously convey an 5m-by-5m daylight triangle at the intersection of Campbell Avenue and Spring Gate Boulevard, associated with a condition of approval from a previous consent application File B037/94 associated with the creation of 518 Spring Gate Boulevard. As the proposed variances to lot area and frontage are considered minor reductions from the requirements of the By-laws, and the severed lands are reinforcing the existing lot pattern and setbacks in the area, the Development Planning Department has no objection to the proposed lot frontage and area.

A011/22 Variance #3 and A012/22 Variance #1 – Maximum Building Height

The increase in building height for both the proposed dwellings are considered minor increases and maintain the existing character of the neighbourhood. As such, the Development Planning Department has no objection to the proposed building heights.

In support of the application, the Owner submitted a Tree Inventory and Preservation Plan Report, prepared by Kuntz Forestry Consulting Inc., dated November 12, 2021. The Urban Design Division of the Development Planning Department has reviewed the report and have no comments.

Additionally, the Owner submitted a Planning Justification Brief dated November 26, 2021. The Development Planning Department has reviewed the brief and have no comments.

Accordingly, the Development Planning Department has no objection to the requested severance and is of the opinion that the proposal conforms to VOP 2010, and the consent criteria stipulated in Section 51(24) of the *Planning Act, R.S.O. 1990, c P.13*. The Development Planning Department is also of the opinion that the requested variances to both the severed and retained lands are minor in nature, maintain the general intent and purpose of the Official Plan and Zoning By-law, and are desirable for the appropriate development of the lands.

Recommendation:

The Development Planning Department recommends approval of the applications.

Conditions of Approval:

If the Committee finds merit in the application, the following condition of approval is recommended:

None

Attn: Adriana MacPherson, Administrative Coordinator

Dear Adriana MacPherson,

RE: Applications for Consent and Minor Variance - Addendum Letter
B001/22A011/22, A012/22
Marina Scholyar
8 Campbell Avenue
City of Vaughan

Evans Planning acts on behalf of Marina Scholyar, the owner of the property located at 8 Campbell Avenue in the City of Vaughan (the subject property). This letter has been prepared to clarify and amend the variances requested for applications A011/22, A012/22 and B001/22, to reflect additional relief required from the newly approved Citywide Comprehensive By-law 001-2021, as confirmed by City Staff during the process of their Zoning Review process.

The subject property is located at the north-east corner of Spring Gate Boulevard and Campbell Avenue, Thornhill. Our Client intends to sever the lands to create two new detached lots. To facilitate the requested variance, it is necessary to seek relief from the By-law with respect to lot area and lot frontage. Further, we herewith amend the requested variances to include relief from the maximum building height provisions of By-law 001-2021.

A table outlining the requested Variances can be found as appendix 1 to this letter, but are summarized as follows:

- Application A011/22-Retained Lot , Lot 1:
 - By-law 1-88, Schedule A - Minimum Lot Frontage: 15 metres required, whereas 14 metres is requested

- By-law 1-88, Schedule A - Minimum Lot Area: 450 metres squared is required, whereas 420 metres squared is requested
 - By-law 001-2021, Section 7.2.3, Table 7-4 – Minimum Lot Frontage: 15 metres is required, whereas 14 meters is requested
 - By-law 001-2021, Section 7.2.3, Table 7-4 – Minimum Lot Area: 450 metres squared is required, whereas 420 metres squared is requested
 - By-law 001-2021, Section 7.2.3 Table 7-4, Section 4.5.1 - Maximum Building Height: 8.5 metres permitted, whereas 9 meters is requested
- Application A012/22-Severed Lot , Lot 2:
 - By-law 001-2021, Sec. 7.2.3 Table 7-4, Sec. 4.5.1 - Maximum Building Height: 8.5 metres permitted, whereas 9.5 meters is requested

Our opinion remains that the proposed Variances would be minor in nature, are desirable, maintain the intent of the City of Vaughan Official Plan and Zoning By-laws 1-88 and 001-2021. In our opinion, the requested Consent and Minor Variances constitute good planning.

To assist with your review of the applications, the following materials are provided for your review:

- Updated Drawing Set for Application A011/22
- Updated Drawing Set for Application A012/22
- Summary Table of Variances Requested (**Appendix 1**)

I trust that these materials should be sufficient for your review. Should you require any additional information or materials, please contact the undersigned at your earliest convenience.

David Mejia Monico

FILE NO: A98/94

IN THE MATTER OF Subsection 45 (5) of the Planning Act, S.O. 1983,
c. 1, and

During the applicant's submission it was agreed to amend the application and Notice of Hearing to reflect the following..."the maximum lot coverage will be 37.5%..."

COMMITTEE OF ADJUSTMENT
(VARIANCES)

NOTICE OF DECISION

FILE NO. A83/95

IN THE MATTER OF Subsections 45 (1), (2) and (3) of the Planning Act &

IN THE MATTER OF an application by NEOMI SHRAM, owner of Lot 51, Registered Plan 3715 (Part of Lot 29, Concession 1), municipally known as 518 Spring Gate Boulevard.

By-law 1-88 zones this parcel Residential Zone "R3".

The applicant is requesting variances to permit the maintenance of existing front and rear porch additions to an existing two-storey single family detached dwelling, notwithstanding, the yard encroachment for the front porch is 2.5m and the rear porch is 2.47m rather than the by-law requires 1.8m, further, the minimum interior side yard setback for the air conditioning unit is 0.8m rather than 1.2m and that the lot coverage is 38.4% rather than the previously approved 37.5%. It should be noted that a previous application (A98/94) was approved by Committee of Adjustment on July 21st, 1994. A sketch is attached illustrating the request.

The Committee is of the opinion that the variance sought **regarding the rear yard encroachment for the rear porch**, can not be considered minor and is not desirable for the appropriate development and use of the land. The general intent and purpose of the By-law and the Official Plan will not be maintained. Therefore it is the decision of the Committee of Adjustment that File No. A83/95, NEOMI SHRAM, be **REFUSED**.

However, the Committee is also of the opinion that the variances sought **regarding the front yard encroachment for the front porch, further, the minimum interior side yard setback and the lot coverage**, can be considered minor and are desirable for the appropriate development and use of the land. The general intent and purpose of the By-law and the Official Plan will be maintained. Therefore it is the decision of the Committee of Adjustment that File No. A83/95, NEOMI SHRAM, be **APPROVED**, subject to the following conditions:

1. That the air conditioning unit be moved to a location north of the chimney protrusion, if required, to the satisfaction of the Building Standards Department;
2. That if the condition listed above is not fulfilled within twelve (12) months of the date this decision becomes final and binding, the said decision shall expire and shall be deemed to have been annulled and rescinded by the Committee.
