To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development Planning

Date: April 14, 2021

Name of Owner: Saima Noor Chaudhry and Muneeb Ahmad Bhatti

Location: 30 Luang Street

File No.(s): A016.22

Proposed Variance(s) (By-law 001-2021):

1. To permit a minimum of 41.5% landscaped front yard.

By-Law Requirement(s) (By-law 001-2021):

1. In a Residential Zone, where lot frontage is 12.0 m or greater, the minimum landscape requirement shall be 50%, of which 60% shall be soft.

Proposed Variance(s) (By-law 1-88):

2. To permit a maximum width of 9 metres for a driveway at the street curb and a curb cut width of 9 metres.
3. To permit the portion of the driveway between the street line and the street curb to be 9 metres in width.
4. To permit a minimum of 41.5% landscaped front yard.

By-Law Requirement(s) (By-law 1-88):

2. The maximum width of a driveway at the street curb and a curb cut shall be six (6) metres.
3. The portion of the driveway between the street line and the street curb shall not exceed six (6) metres in width.
4. The lot frontage for lots 12.0 m and greater shall be comprised of a minimum of 50% landscaped front yard and a minimum sixty percent (60%) of the minimum landscaped front yard shall be soft landscaping.

Official Plan:

City of Vaughan Official Plan 2010 ('VOP 2010'): "KN Low-Rise Residential I," Volume 2, Section 11.8 North Kleinburg-Nashville Secondary Plan

Comments:

The Owner is proposing to widen an existing driveway with the above noted variances.

The Development Planning Department has no objection to Variances 1 and 4 for the reduction in front yard landscaping, as the subject property maintains an appropriate balance of soft landscaping and the reduction in landscaping will not cause adverse impacts to the existing streetscape.

The Development Planning Department has no objection to Variances 2 and 3, as the proposed driveway width of 9 m will align with the width of the existing three-car garage and not have a negative visual impact on the existing streetscape. The requested driveway width also complies with Zoning By-law 01-2021, which was enacted by Vaughan Council on October 20, 2021, but has been appealed to the Ontario Land Tribunal and is not in-effect.

Accordingly, the Development Planning Department can support the required variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

None

TRCA wishes to confirm that it has **no interests or concerns with the above noted application.**

Based on a review of our available mapping, the subject property is not within TRCA's Regulated Area. As such, a permit from TRCA pursuant to Ontario Regulation 166/06 would not be required for any development or site alteration on the property.

Although the site is located within the Well Head Protection Area for Quantity control (WHPA-Q2) per the Source Protection Plan, no water balance would be required recognizing this requirement would have been addressed through the subdivision approvals process.
