The Owner has submitted the following applications ('Applications') for the Subject Lands to permit the Development as shown on Attachments 3 to 5:

1. Official Plan Amendment File OP.23.005 to amend the "Mid-Rise Mixed-Use" policies of Vaughan Official Plan 2010 Volume 1 and Volume 2 (Area Specific Policy 21.6), Northeast Quadrant of Major Mackenzie Drive and Weston Road, ('VOP 2010') respecting the maximum permitted building height from 6-storeys to 9-storeys and the maximum density / floor space index ('FSI') from 2.0 times the area of the lot to 3.79 times the area of the lot.
2. Zoning By-law Amendment File Z.23.005 to rezone the Subject Lands from:
 - i. Previous Reports/Authority

The following is the link to a previous report regarding the Subject Lands:

Official Plan Amendment File OP.07.006, and Zoning By-law Amendment File Z.07.040 (Major Weston Centres Limited), Committee of the Whole Report [June 23, 2009, Committee of the Whole \(Item 76, Report 35\)](#)

Analysis and Options

An amendment to VOP 2010 is required to permit the Development.

Official Plan Designation:

- "Community Area" on Schedule 1 - Urban Structure by VOP 2010, Volume 1
- "Mid-Rise Mixed Use" with a maximum permitted building height of 6-storeys and a maximum density / FSI of 2.0 times the area of the lot on Schedule 13 - Land Use by VOP 2010, Volume 1
- "Mid-Rise Mixed Use" with a "Commercial District" overlay with a 9 m Pedestrian Walkway on Map 12.6.A by VOP 2010, Volume 2, Area Specific Policy 12.6, Northeast Quadrant of Major Mackenzie Drive and Weston Road
- This designation permits mid-rise buildings / apartment buildings up to a maximum building height of 6-storeys and a FSI of 2.0 times the area of the lot.
- An amendment to VOP 2010 is required to permit the 9-storey buildings with a FSI of 3.79 times the area of the lot.

Council enacted Zoning By-law 001-2021 on October 20, 2021, as the new Vaughan Comprehensive Zoning By-law.

Applications to amend both Zoning By-law 1-88 and Zoning By-law 001-2021 are required because Zoning By-law 001-2021 is not in force for the Subject Lands due to it being under appeal.

Amendments to Zoning By-law 001-2021 are required to permit the Development.

Zoning:

- “GMU(H) 963 General Mixed Use” Zone with a Holding Symbol (H) and subject to site-specific exception 14.963
- This Zone does not permit the Development.
- The Owner proposes to rezone the Subject Lands to “RM2 - Multiple Unit Residential” Zone together with the site-specific zoning exceptions to permit the Development, identified in Table 1 as shown in Attachment 6.

Amendments to Zoning By-law 1-88 are required to permit the Development to address appealed provisions under Zoning By-law 001-2021.

Zoning:

- “C5(H) Community Commercial” Zone with a Holding Symbol (“H”) and subject to site-specific exception 9(1327) in Zoning By-law 1-88
- This Zone does not permit the Development.
- The Owner proposes to rezone the Subject Lands to “RM2 - Multiple Residential” Zone together with the site-specific zoning exceptions to permit the Development, identified in Table 2 as shown in Attachment 7.

Additional zoning exceptions to Tables 1 and 2 may be identified through the detailed review of the Applications and will be considered in a technical report to a future Committee of the Whole meeting.

The Region advises that the Owner shall provide a basic 41.0 m right-of-way where the Subject Lands abut Weston Road. All municipal setbacks shall be referenced from a point 20.5 m from the centerline of construction of Weston Road. Any additional lands required for additional turn lanes at the intersections/access will also be conveyed to York Region for public highway purposes, free of all costs and encumbrances, to the satisfaction of the York Region. The Owner shall also provide daylight triangle at the south-east corner of Weston Road and Farooq Boulevard/Thule Street intersection.

The Owner is advised that the Traffic Impact Study should include a review of the proposed 1.5m in-boulevard bike path to assess connectivity to adjacent sites and

surrounding facilities, and to ensure specifications are consistent with York Region's Pedestrian and Cycling Planning and Design Guidelines.

Conclusion

The preliminary issues identified in this report and any other issues identified through the processing of the Applications will be considered in the technical review of the Applications.
