What we do

Tourism Vaughan Corporation

The Tourism Vaughan Corporation (TVC) is Vaughan's destination marketing and development organization (DMO) with the mission to develop and promote Vaughan as a tourist destination for visitors and business travellers. TVC undertakes key strategic projects that align with the **Vaughan Destination Master Plan (VDMP) (PDF)**, which lays out a comprehensive plan for developing Vaughan's tourism-related industry cluster.

The plan identifies five strategic priorities:

1. Governance and City policy framework
2. Product development
3. Partnerships
4. Marketing and communications
5. Research and data analysis

Tourism Vaughan's mission is to establish Vaughan as a premier tourism destination through product development, marketing and education, and strong collaboration with and in support of operators.

Governance and City policy framework

City policies and governance support the effective management of Tourism Vaughan to align with industry best practices.

TOURISM VAUGHAN BOARD OF DIRECTORS

In December 2022, Council approved Tourism Vaughan’s Board of Directors for the 2022-2026 term to be authorized to appoint an additional two Board members from among the tourism-sector business owner/employee representatives of the Tourism Vaughan Advisory Committee (TVAC).

The approval for this Board structure is as per the recommendations of the VDMP, approved by Council in October 2021.

TOURISM VAUGHAN ADVISORY COMMITTEE

As outlined in the VDMP, an advisory committee made up of tourism industry leaders was formed to provide the Tourism Vaughan Board of Directors with tourism-related best practices, recommendations and education of the industry to ensure greater accountability, and to help build stronger relationships with local tourism stakeholders. The TVAC consists of eight members with leadership and expertise across different tourism industry sectors.

Vaughan Metropolitan Centre

VAUGHAN DESTINATION MASTER PLAN (VDMP)

The Council-approved VDMP was published on both vaughan.ca/TVC and vaughanbusiness.ca to support the sector's development. The VDMP's primary goal is to guide industry and municipal investment in developing Vaughan as a destination over the five-year plan – with a particular interest in leveraging existing strengths, supporting the future growth of tourism operators, unlocking the potential development for new tourism products and experiences, and rebuilding an industry that has been the most significantly impacted by the global COVID-19 pandemic.

COLLABORATIONS WITH CITY DEPARTMENTS

The tourism sector includes many different industries, such as accommodations, food and beverage, attractions and retail. Given the breadth of opportunity, Tourism Vaughan is uniquely positioned to work and collaborate with City departments. In 2022, Tourism Vaughan successfully:

- executed seasonal destination marketing campaigns with Corporate and Strategic Communications.
- collaborated with Recreation Services on various City-led events, such as the Concerts in the Park series, Vaughan Celebrates Canada Day and Canada Soccer's 2022 Toyota National Championships.
- supported Parks, Forestry and Horticulture Operations' streetscape and beautification projects.
- provided assistance to the Cultural Heritage department in their application for the Tourism Relief Fund.

Product development

Tourism Vaughan undertakes projects to develop and educate its product and experience clusters, focusing on enhancing visitation.

TOURISM INNOVATION LAB

Tourism Vaughan, in partnership with the Tourism Innovation Lab, launched its first-ever iteration of the Vaughan “Spark” Mentorship and Grants Program. This program supported Vaughan’s tourism community by providing:

- a three-month tourism industry mentorship.
- a \$3,000 grant for the top three pitches selected through the program.
- additional partner support and resources.
- access to a support network of tourism innovators, entrepreneurs and leaders.

The winners of the 2022 Vaughan “Spark” Mentorship and Grants Program are:

- Leila Azimian of Bio-Stat-Green Consulting for a photobioreactor prototype for microalgae decorations and installations.
- Monica Pain of York Region Arts Council for an outdoor multi-media community public art installation.
- Steve Schnier of Vujade Entertainment Inc. for a “Really Big Show” giant puppet.

Vaughan is the first city in the Greater Toronto Area to launch a “Spark” Mentorship and Grants Program with the Tourism Innovation Lab.

BETTER YOUR BUSINESS:
TOURISM DIVERSITY PROGRAM

Tourism Vaughan launched the second iteration of the Better Your Business program. Better Your Business: Tourism Diversity focused on developing and/or enhancing tourism products, services and experiences for Vaughan-based businesses and activations. The purpose is to position Vaughan and its tourism operators as an inclusive, safe and welcoming place for people to visit and stay.

The Better Your Business: Tourism Diversity program received \$100,000 in funding through the Tourism Relief Fund from FedDev Ontario, as administered by Central Counties Tourism

The program will continue in 2023 with virtual and in-person seminars, in which trends, best practices and real-life examples will be provided to inspire and encourage the Vaughan business community to incorporate inclusivity into their plans for development.

VAUGHAN'S TOURISM INVESTMENT PIPELINE

SUPPORTING NEW DEVELOPMENT

To advance Vaughan's various tourism clusters, Tourism Vaughan has supported new development within the city.

IHG's avid Hotel

Tourism Vaughan supported the opening of Canada's first avid hotel, located 15 minutes from Toronto Pearson Airport at Highway 7 and Highway 50. It includes 119 guest rooms and various amenities across more than 5,400 gross square metres. With the addition of this new hotel, Vaughan's accommodation facilities increased to 16, with a total of 1,955 rooms.

Cultural Heritage Centre

Led by the City's Cultural Heritage department, Tourism Vaughan provided insight and supported the department's application to FedDev Ontario's Tourism Relief Fund.

Cultural Arts Centre Project

Led by the City's Strategic Economic Initiatives unit in Economic Development, Tourism Vaughan supported the launch of Phase 2 of the Cultural Arts Centre project.

SAFE TRAVELS AND POST PROMISE

In 2022, Safe Travels and POST Promise continued to be a focus for tourism stakeholders. Safe Travels, an initiative by the World Travel and Tourism Council, recognizes businesses worldwide that have adopted global standardized protocols for health and hygiene to reduce the spread of COVID-19. POST Promise, a national and bilingual initiative that has since concluded, aimed to unite businesses to introduce a common approach to help Canadians feel safe as they began to step back into public spaces and the workplace.

Since the launch of these programs, Tourism Vaughan has actively worked to provide detailed information and assistance to its stakeholders. A combined total of more than 200 businesses have signed up for one, or both, of these initiatives.

Partnerships

Tourism Vaughan aims to create strong local, regional and provincial partnerships to aid destination development and awareness.

ACCOMMODATION SITE TOURS

Accommodations play an important part in destination development and marketing. To best understand and align Tourism Vaughan’s priorities under the VDMP, site tours were scheduled to visit all 16 of Vaughan’s current accommodations. Site tours and meetings with accommodation staff allowed for valuable discussion on how to enhance and attract tourism to Vaughan, and provided new context and refreshed content for **hostinvaughan.ca**, Tourism Vaughan’s meeting- and events-focused website. The website highlights the city’s accommodations, hotels with meeting space, unique venues and sporting facilities. Insights and feedback will continue to be integrated into 2023 priorities as tours are ongoing.

ONTARIO STAYCATION TAX CREDIT

Tourism Vaughan actively promoted the Ontario Staycation Tax Credit in its campaigns and public service announcements throughout the year to encourage overnight stays. The tax credit applied to leisure stays between Jan. 1 and Dec. 31, 2022. Travellers could claim up to 20 per cent of their eligible accommodation expenses when filing their personal Income Tax and Benefit Return for 2022.

FILM FAMILIARIZATION TOUR

In June of 2022, Tourism Vaughan hosted a tour for film industry leaders at the close of the Vaughan International Film Festival’s (VFF) 10th year. The purpose of this tour was to showcase the growth and development of the city of Vaughan – specifically within the film, arts and culture sector – and share insights and learnings with industry sector professionals to further progress Vaughan’s positioning as a destination for film and entertainment.

#SUPPORTVAUGHANLOCAL WITH THE VAUGHAN CHAMBER OF COMMERCE

Tourism Vaughan partnered with the Vaughan Chamber of Commerce to deliver the #SupportVaughanLocal campaign between September 2021 and February 2022. The objective was to support local small businesses through awareness building and promotion across six tourism-based categories: eat and drink, shop, fun and entertainment, events, spa and wellness, and accommodations.

More than 80 businesses signed up to participate across all five of Vaughan’s wards. A strategic marketing plan, led by the Vaughan Chamber of Commerce, was launched, achieving more than 10 million impressions.

BETTER YOUR BUSINESS: TOURISM DIVERSITY PROGRAM

The Better Your Business program aimed to help the local business community improve their processes, practices and policies to ensure they are socially and environmentally responsible. Through the Better Your Business: Tourism Diversity Program, Tourism Vaughan paired an industry expert and consultant – with lived experience as a person from a marginalized community – with a tourism operator to help them plan and develop more inclusive and diverse tourism products, services and experiences.

Led by KLB Consulting, the program offered one-on-one consultations with established industry leaders to promote tourism to the 2SLGBTQ+ community; Black, Indigenous and People of Colour (BIPOC) community; and individuals with accessibility requirements. Businesses had the opportunity to work with KLB Consulting and develop a strategic diversity, equity and inclusion plan to guide their tourism operations. Alongside the strategic planning process, Tourism Vaughan organized a full-day Diversity, Equity, Inclusion and Accessibility (DEIA) conference hosted by a team of consultants and curated specifically to address DEIA in the tourism industry. This conference was available to all local Vaughan businesses who were interested in better incorporating DEIA into their own processes and policies. Participants attended an opening and closing group plenary and had the opportunity to participate in three focused sessions from Journeys InEquity, Black in Hospitality, and Joe Baker & Co.

Marketing and communications

Tourism Vaughan works to generate awareness of Vaughan as a premier overnight tourism destination to encourage travellers to explore all the city has to offer.

HOSTINVAUGHAN.CA

A strategic marketing and communications plan targeted at marketing and event professionals was launched in 2022 to promote **hostinvaughan.ca**. As identified in the VDMP, two areas for tourism growth include sports tourism and business meetings and conferences. The campaign’s objective was to attract business and sports activities to the city.

SEASONAL MARKETING CAMPAIGNS

To promote the destination for overnight visits, Tourism Vaughan executed three seasonal campaigns to draw visitation:

Summer in Vaughan

In peak tourism season, Vaughan has strong visitation from the leisure market. As identified in the VDMP, visiting friends and relatives is the top reason people are coming to visit Vaughan. The key message focused on utilizing the Ontario Staycation Tax Credit to stay overnight at one of Vaughan’s local accommodations to explore the numerous things to do within the city. Leveraging **visitvaughan.ca** – Tourism Vaughan’s consumer-facing website – local attractions, parks, festivals and events were promoted in itineraries and blog posts to encourage overnight visitation.

Vaughan’s accommodation occupancy rates over the summer campaign period (May to August) averaged 85.2 per cent, up from 62.2 per cent in 2021. This percentage exceeds the pre-pandemic summertime occupancy rate of 81.2 per cent, partly due to the ‘revenge travel’ trend the tourism sector has experienced since COVID-19 restrictions were lifted.

This fall, escape to Vaughan

Vaughan is home to many picturesque locations for enjoying the seasonal beauty that fall offers. With a focus on the city’s neighbourhood main streets and outdoor trails, Tourism Vaughan leveraged the current trend towards outdoor and exploratory tourism to showcase a different side of the city.

Similarly to the summer, during the fall campaign period (September to October), Vaughan accommodation occupancy rates averaged higher than the year previous at 83.5 per cent, compared to 2021’s 73.6 per cent. This exceeds 2019’s pre-pandemic occupancy rate of 76.7 per cent for the city.

Celebrate the winter season

To prepare for the shoulder season, Tourism Vaughan highlighted wintertime attractions, festivals, shopping and recreational activities to promote the city as an overnight destination leading up to – and during – the winter holidays.

While the winter campaign continued into 2023, Vaughan’s accommodation occupancy rate between November and December was 68 per cent, which was higher than both 2021 and pre-pandemic’s 2019 at 61.7 per cent and 66.8 per cent respectively.

KLEINBURG BUSINESS IMPROVEMENT AREA (BIA) PARTICIPATION

To streamline communication and align efforts where applicable, a representative of the City’s Vaughan Business and Entrepreneurship Centre and Tourism Vaughan attended and participated in meetings for the Kleinburg BIA.

Research and data analysis

Evidence-based decision-making is important in guiding Tourism Vaughan's developmental and promotional work under the VDMP.

RESEARCH AND DATA WITH CENTRAL COUNTIES TOURISM (CCT)

Tourism Vaughan renewed its data agreement with CCT to gain a better understanding of visitors to the city. Focusing on 16 different areas, including the City’s identified intensification areas, Tourism Vaughan received visitor profiles and data reports for tourist activity in 2019 and 2021. The objective is to leverage these reports and profiles for greater return on investment in future marketing campaigns.

Economic Development assigned Research and Intelligence staff to support the receipt and distribution of the data from CCT.

Accommodation occupancy data

To ensure Vaughan’s destination development and marketing initiatives effectively support the tourism sector, occupancy data for Vaughan’s accommodations are monitored and compared to regional and provincial rates.

After the pandemic’s devastating effect on the accommodation industry, 2022 saw a significant increase in travel. In 2022, the annual occupancy rate average for Vaughan accommodations was 73.8 per cent, exceeding 2021’s 56.4 per cent and 2020’s 39.0 per cent. The annual occupancy rate in 2019 (pre-pandemic) was 73.2 per cent, illustrating the industry’s bounce back from the significant impacts of COVID-19.

In addition, accommodation revenue has significantly increased. In 2022, Vaughan’s accommodation revenues averaged \$85.9 million – an increase of \$10 million compared to pre-pandemic levels.

LEVERAGE SHARED DATABASES

To align tactics and communicate effectively with local and regional partners, Tourism Vaughan leverages its database to promote and highlight the tourism businesses and events that engage with visitvaughan.ca.

The website connects with yorkdurhamheadwaters.ca – the consumer-facing website for CCT – to ensure businesses and events are listed on both platforms to provide additional awareness and promotion of tourism drivers in the city.

In addition, Tourism Vaughan hosted the #SupportVaughanLocal campaign in partnership with the Vaughan Chamber of Commerce, allowing Tourism Vaughan to connect with new businesses and build stronger rapport with those already engaged.
