**Subject:** [External] 9929 Keele Street Proposed Construction- Grande Cheese & Plaza

Hello

I am writing to express my concern over the proposed application to demolish the existing structures and construct a rproposed 5 story commercial residential building exceeding 15.5 meters in height. I would like to strongly urge you to deny this request based on the unbelievable height of this structure.

I live on [REDACTED] Oakdale Road and I have had to endure the erection of monster residential buildings in my background which have destroyed my line of view and my enjoyment of our outdoor space. When the developments behind my home started, I sent many emails to city hall and council pleading to redirect the builders' efforts into more pleasing erections with consideration to the existing home owners who had the pleasure of luscious greenery and mature thousand year old trees as their view.

All those pleas landed on deaf ears and the monster dwellings were erected with the promise of planting mature trees to compensate for the lush surroundings they destroyed. It is laughable what they consider mature trees.

So I am pleading once again to deny this request to erect another monster dwelling in place on this pleasing retail plaza. All in the effort to gain more revenue per square footage, Vaughan is allowing builders to continue to apply for variances to existing by-laws to allow for unpleasant and ugly dwellings while upsetting the surrounding homeowners and their environment.

As I have expressed on numerous occasions I am so upset that Maple has succumbed to developers who want to destroy the green environment of Maple in favor of brick and mortar buildings. This community has changed so much from when we moved here 30 years ago--and not for the better .Maple used to be a quaint little town full of lush greenery and heritage. It has become a grid locked grey concrete full of monster dwellings which detract from the once beautiful town.

I am pleading once again to the council to make the residents and the families around Maple be the priority.

Sincerely

A Massarella Sanci  
[REDACTED] Oakdale Road
