INTRODUCTION
<p>Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.</p> <p>Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan’s Zoning By-law. Accordingly, review of the application may consider the following:</p> <p>That the general intent and purpose of the by-law will be maintained.  That the general intent and purpose of the official plan will be maintained.  That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.  That the requested variance(s) is/are minor in nature.</p> <p>Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.</p>

COMMITTEE OF ADJUSTMENT COMMENTS		
Date Public Notice Mailed:	June 22, 2022	
Date Applicant Confirmed Posting of Sign:	June 20, 2022	
Applicant Justification for Variances: *As provided by Applicant in Application Form	<div>1. The squaring of the house to match the existing corner points would result in exactly 45% coverage as per Zoning By-law 1-88. However the new Zoning By-law 001-2021 calculates the coverage including the existing and the proposed roof overhangs. This in itself slates this project for COA for the reason of coverage.</div> <div>2. The owners are a young family with 4 children and it may grow in the future, therefore the program for the second floor was central to this design. In order to accomodate the needs of this family with regards to the children's bedrooms and bathrooms, we have enlarged the second floor by cantilevering it over the existing driveway. This design decision resulted in increasing the coverage by 1.5% as per the Zoning By-law 1-88.</div> <div>3. The conversion of the garage triggered clause 5 from T-8 form [the base of the side yard setback iregulations in both Zoning By-laws]. It stipulates an enlarged side yard or front yard setback if there is no garage attached to the dwelling. This creates our second variance regarding the setbacks despite keeping the existing setbacks for our ground floor and the second floor additions. The garage conversion is needed for creating a large mudroom as well as the garden shed storage. The existing back yard is already very small and it would be not recommended to install a garden shed there.</div>	
Adjournment Requests (from staff): *Adjournment requests provided to applicant prior to issuance of public notice	None	
Was a Zoning Review Waiver (ZRW) Form submitted by Applicant:  *ZRW Form may be used by applicant in instances where a revised submission is made, and zoning staff do not have an opportunity to review and confirm variances prior to the issuance of public notice.  *A revised submission may be required to address staff / agency comments received as part of the application review process.  *Where a zoning review has not been completed on a revised submission, an opportunity is provided to the applicant to adjourn the proposal prior to the issuance of public notice.	No	
Adjournment Fees: In accordance with Procedural By-law 069-2019, an Adjournment Fee is applicable to reschedule an application after the issuance of public notice where a request for adjournment has been provided to the applicant prior to the issuance of public notice.  An Adjournment Fee can only be waived in instances where adjournment of an application is requested by the Committee or staff after the issuance of public notice.

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended: None

IMPORTANT INFORMATION – PLEASE READ
<p><b>CONDITIONS:</b> It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (<b>see condition chart above for contact</b>). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.</p>
<p><b>APPROVALS:</b> Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision.</p> <p>An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.</p> <p>A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law.</p> <p>Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application.</p> <p>Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.</p>
<p><b>DEVELOPMENT CHARGES:</b> That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.</p> <p>That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City’s Development Charges By-law in effect at the time of payment.</p> <p>That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment</p> <p>That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City’s Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.</p>
<p><b>NOTICE OF DECISION:</b> If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will <b>not</b> receive notice.</p>

**Proposed Variance(s) (By-law 001-2021):**

1. To permit a maximum lot coverage of 51.7%.
2. To permit a minimum rear yard setback of 4.3 metres to the proposed deck.

**By-Law Requirement(s) (By-law 001-2021):**

1. A maximum lot coverage of 45% is permitted.
2. A minimum rear yard setback of 5.1 metres to the proposed deck is required.

**Proposed Variance(s) (By-law 1-88):**

3. To permit a maximum lot coverage of 46.5%.
4. To permit a minimum rear yard setback of 4.3 metres to the proposed deck.

**By-Law Requirement(s) (By-law 1-88):**

3. A maximum lot coverage of 45% is permitted.
4. A minimum rear yard setback of 5.7 metres to the proposed deck is required.

**Official Plan:**

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

**Comments:**

The Owner is requesting permission to construct additions to the single detached dwelling with the above noted variances. 2-storey additions at the front and at the southeast rear corner are proposed.

The existing dwelling, including the covered front porch along with the eaves has a lot coverage of 43.3%. The 2-storey addition inclusive of eaves adds an additional 8.4%, resulting in a total lot coverage of 51.7%. The maximum lot coverage is increasing not just because 2-storey additions are proposed, but because the area underneath the eaves is now part of the lot coverage calculation in By-law 001-2021. The Development Planning Department recognizes that without the inclusion of the eaves, the existing dwelling along with the proposed 2-storey addition would have a total lot coverage of 46.5%, which is consistent with previous approvals in the City, is 1.5% or about 4.79 m<sup>2</sup> more than the current requirement, and will not pose a significant visual impact to the surrounding properties or streetscape. The increase in total lot coverage is minor in nature and as such, the Development Planning Department has no objection to Variances 1 and 3.

The Development Planning Department has no objection to Variances 2 and 4, as the minimum rear yard setback reduction for the uncovered deck will not pose a significant visual impact to nor impact the function of the abutting uses. The rear yard setback of 4.3 m to the proposed deck also maintains an appropriate area for access, drainage, and vegetated amenity space, and will not impact the abutting properties.

Accordingly, the Development Planning Department can support the requested variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-laws, and is desirable for the appropriate development of the land.

**Recommendation:**

The Development Planning Department recommends approval of the application.

**Conditions of Approval:**

If the Committee finds merit in the application, the following conditions of approval are recommended:
