I also attach hereto a copy of the screenshot of the text message provided to Humberplex which raises the additional concern with respect to mosquitos and concern with respect to the West Nile Virus.

hello Tony I sent you a picture with the dead water And my concern is it will create mosquitos and you know the West Nile disease came back and my grandchildren are coming there and I repeat I am concerned about that. I wonder if your guy gave the price to fix what needs to be fixed and if he gave you an indication as to when that will happen? Thank you and I appreciate it if you can let me know. Thanks again.
