**Good morning,**

I have spent more than 20 years volunteering as a member of the Vellore Woods Ratepayers Association and I'm darn proud of our collective efforts to ensure our community and its surroundings are beautiful, safe, and welcoming. This application is absurd and more and more of these are popping up around Vellore. Get them out of here please!!!! We are NOT the VMC and we are NOT Yonge and Eglinton. This is a close knit community and these horrible and ridiculously large towers do not belong in our backyards!

**I second the following sentiment:**

**This is to confirm my strong objection to the subject application.** The proposal demonstrates an overwhelming disregard for compatibility with the existing community and/or does not adhere to the many policies that exist to protect established residential neighborhoods, encourage responsible growth and respect the natural environment.

Considering the glaring divergence from the existing policies and the lack of care shown to the existing community, I trust this will strongly contribute to the refusal of this application and encourage a more thoughtful and well aligned proposal that includes respectful compatibility with the existing community. **Existing Official Plan allowances more than adequately provide for ample residential growth.** The requested amendments are unreasonable and should be swiftly declined.

I care greatly about our City and will always support its progress when done so in a respectful and fair manner. This is not about stopping development. Instead, this is more about supporting responsible growth.

Thank you.
