This is to confirm my strong objection to the subject application at 3812 Major Mackenzie.

This proposal does not fit into the current /surrounding area developments and existing residential neighbourhoods. The planner has been trying for too long to simply do what they want from a self interest perspective without a care for our community. The overall planning/ traffic/ look/ nature/ density among other factors would greatly affect our community in a negative way if approved.

I trust my email is sent forth as a strong objection to this application.

Thank you

Diane Macri
