This is to confirm my strong objection to the subject application at 3812 Major Mackenzie. How can you possibly consider this?!

The proposal demonstrates an overwhelming disregard for compatibility with the existing community and/or does not adhere to the many policies that exist to protect established residential neighborhoods, encourage responsible growth and respect the natural environment.

Considering the glaring divergence from the existing policies and the lack of care shown to the existing community, I trust this will strongly contribute to the refusal of this application and encourage a more thoughtful and well aligned.

Please please please reconsider! We cannot have more tragic and pollution in our community. We're literally over capacity everywhere we turn. I beg you Rosanna!

Sincerely,
