From John& AnnaMaria Cummings  
[REDACTED] Julia Valentina Ave  
Woodbridge, Ontario  
[REDACTED]

We are strongly opposed to a development of this magnitude in this area. We are very concerned about the effect on the environment and wildlife which will be disastrous, since this is a precedent setting development for the area. The infrastructure will definitely be affected. Certainly Highway 27 and other roads in the neighbourhood, but don't forget about the other parts of infrastructure. Namely water supply and sewage, the electrical grid, amenities in the area, schools, garbage disposal, shopping and groceries.

Environmentally Protected lands must not be allowed to become super-high density sites. Development is inevitable, but RESPONSIBLE PLANNING is essential.
