To whom it may concern,

We have been living at [REDACTED] Trafalgar Square for 30 years. For many years we enjoyed backing on to a forest, which was the selling point for us. We wanted a quiet neighbourhood and a home where we can enjoy the nature in our very backyard.

Then came Chabad Flamingo, and like other houses on our side of the street, it became our backyard. Our forest became a parking lot and synagogue.

Now, in our senior years our dream was to put in a swimming pool. With the prospect of a building going up and tenants peering over their balcony at us, along with the blocking of the view and sun, noise, and lack of privacy, leaves us heart broken.

Our home would be directly behind a parking garage exhaust vent and fire route. Our view would be of the cars constantly coming and going. We would be breathing in car fumes, listening to horns honking and the continual noise associated with a parking lot.

We are opposed to this plan. The increase in traffic in our neighbourhood, the potential for increased hate crimes, more litter, noise, pollution, lack of privacy and complete eye sore is overly disturbing.

Sincerely,

J Vasiliou and family
