**INTRODUCTION**

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

## INTRODUCTION

That the general intent and purpose of the by-law will be maintained.  
 That the general intent and purpose of the official plan will be maintained.  
 That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.  
 That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

<b>Schedule A</b>	Drawings & Plans Submitted with the Application
<b>Schedule B</b>	Development Planning & Agency Comments
<b>Schedule C</b> (if required)	Correspondence (Received from Public & Applicant)
<b>Schedule D</b> (if required)	Previous COA Decisions on the Subject Land

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended: None

### IMPORTANT INFORMATION – PLEASE READ

**CONDITIONS:** It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (**see condition chart above for contact**). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

## IMPORTANT INFORMATION – PLEASE READ

**APPROVALS:** Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.

**DEVELOPMENT CHARGES:** That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

**NOTICE OF DECISION:** If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will **not** receive notice.

### COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

Good Afternoon, Michelle.

TRCA wishes to confirm that it has no interests or concerns with the above noted application.

Based on a review of our available mapping, the subject property is not within TRCA's Regulated Area. As such, a permit from TRCA pursuant to Ontario Regulation 166/06 would not be required for any development or site alteration on the property. Furthermore, the site is not within the Well Head Protection Area for Quantity control (WHPA-Q2) per the Source Protection Plan, so no water balance would be required.

Should further clarification be required, please contact me at your convenience.

Have a great day,  
Mark

**Proposed Variance(s) (By-law 001-2021):**

1. To permit a maximum rear yard encroachment of 3.61 m for the proposed porch and stairs.

**By-Law Requirement(s) (By-law 001-2021):**

1. A maximum encroachment of 2 m into the rear yard is permitted for the proposed porch and stairs. (Table 4-1)

**Proposed Variance(s) (By-law 1-88):**

2. To permit a minimum rear yard setback of 5.3 m to the proposed covered porch.

**By-Law Requirement(s) (By-law 1-88):**

2. A minimum rear yard setback of 7.5 m is required. (Schedule A3)

**Official Plan:**

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

**Comments:**

The Owner is proposing to construct a covered deck and stairs in the rear yard with the above-noted variances.

Following discussions with Development Planning staff, the Owner has revised their application, decreasing the maximum rear yard encroachment of the proposed porch and stairs from 4.2 m to 3.61 m, and increasing the minimum rear yard setback to the covered porch from 4.71 m to 5.3 m.

The Development Planning Department has no objection to Variances 1 and 2. The proposed covered porch is 5.63 m in height and covers approximately half the width of the dwelling. The revised variances for the maximum encroachment of the porch and stairs and the rear yard setback to the porch will not negatively impact the adjacent properties and is consistent with previous approvals for rear yard covered porches in the neighbourhood. The Owner is also proposing to plant cedar hedges along the rear property line which will visually screen the structure from the abutting rear neighbour.

Accordingly, the Development Planning Department is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

**Recommendation:**

The Development Planning Department recommends approval of the application.

**Conditions of Approval:**

If the Committee finds merit in the application, the following conditions of approval are recommended:

None
