Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

SUMMARY OF RECOMMENDED CONDITIONS OF APPROVAL		
All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “ if required ”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.		
#	DEPARTMENT / AGENCY	CONDITION(S) DESCRIPTION
None		

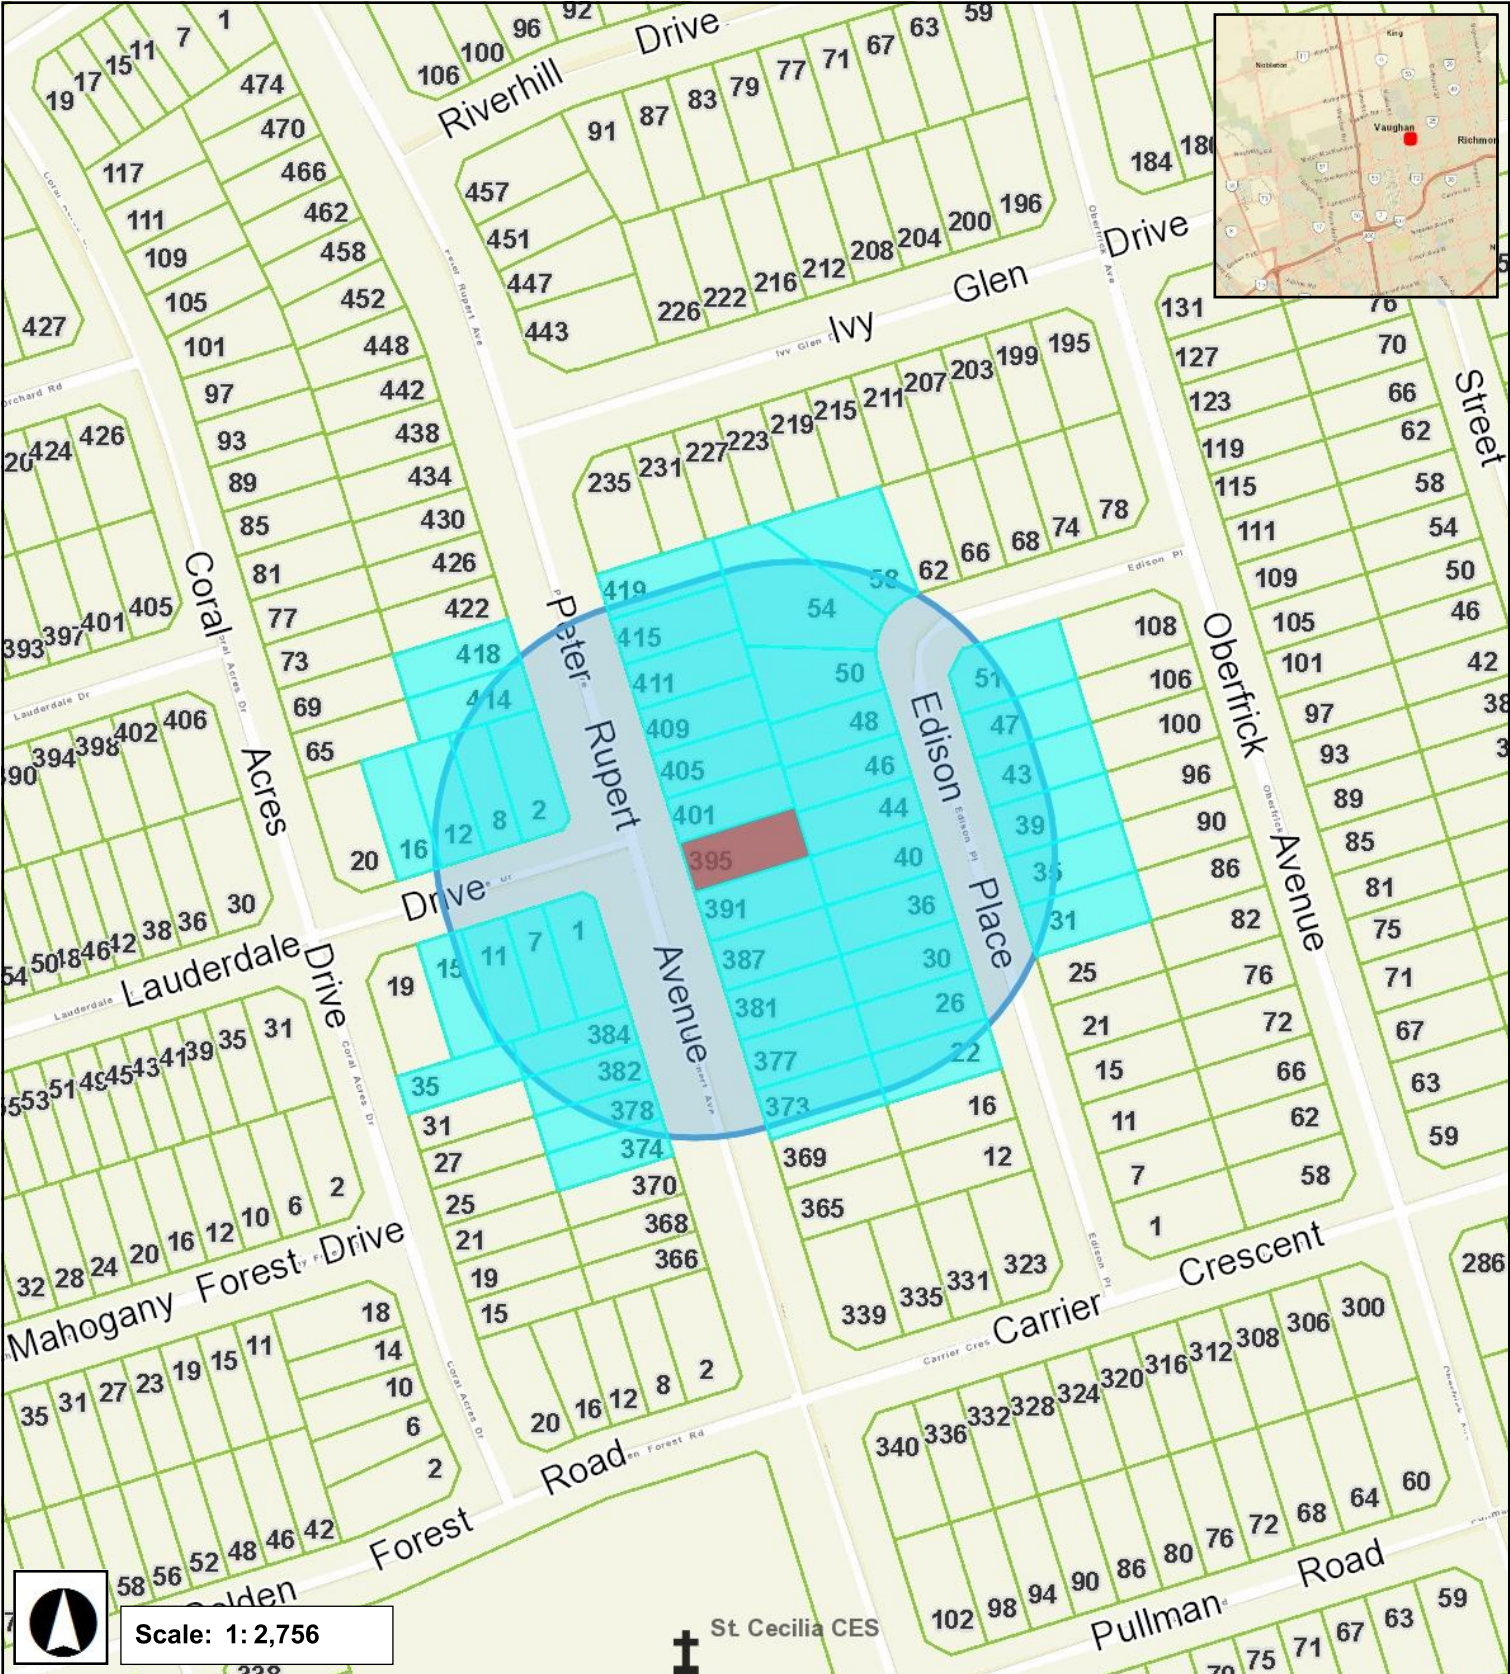

IMPORTANT INFORMATION – PLEASE READ		
CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (see condition chart above for contact). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.		
APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee’s decision. An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval. A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City’s Zoning By-law. Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City’s Zoning By-law) shown on the elevation plans submitted with the application. Architectural design features that are not regulated by the City’s Zoning By-law are not to be considered part of an approval unless specified in the Committee’s decision.		
DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment. That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment. That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.		
NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee’s decision you will not receive notice.

COMMENTS:

- ☐ We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- ☒ We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- ☐ We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.

TRCA wishes to confirm that it has **no interests or concerns with the above noted application.**

Based on a review of our available mapping, the subject property is not within TRCA's Regulated Area. As such, a permit from TRCA pursuant to Ontario Regulation 166/06 would not be required for any development or site alteration on the property.

Although the site is located within the Well Head Protection Area for Quantity control (WHPA-Q2) per the Source Protection Plan, no water balance would be required recognizing this requirement would have been addressed through the subdivision approvals process.

Should further clarification be required, please contact the undersigned at your convenience.

Hello,

Please email comments and recommendations on the above noted application to cofa@vaughan.ca. If you wish to be notified of the decision, please advise.

The deadline to submit comments on this application is March 14, 2022.

Should you have any questions or require additional information, please contact Adriana MacPherson, Administrative Coordinator, Committee of Adjustment at CofA@vaughan.ca

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development Planning

Date: March 24, 2022

Name of Owner: Rushikesh and Priti Bhatt

Location: 395 Peter Rupert Avenue

File No.(s): A002/22

Proposed Variance(s) (By-law 01-2021):

- 1) To permit a maximum encroachment of 4.3 m into the required rear yard for the uncovered platform.

By-Law Requirement(s) (By-law 01-2021):

- 1) A maximum encroachment of 2.4 m is permitted into the required rear yard for an uncovered platform. [S 4.13]

Proposed Variance(s) (By-law 1-88):

- 2) To permit a maximum encroachment of 4.3 m into the required rear yard for the uncovered platform.
- 3) To permit a maximum interior side yard encroachment of 0.2 m for the step.

By-law Requirement(s) (By-law 1-88):

- 2) A maximum encroachment of 1.8 m is permitted into the required rear yard for an uncovered deck. [S. 3.14]
- 3) No encroachment is permitted in an interior side yard closer than 1.2 m for the step [S.3.14]

Official Plan:

Vaughan Official Plan 2010 ('VOP2010'): "Low-Rise Residential"

Comments:

The Owners are requesting permission to maintain an existing deck (uncovered platform) and side entrance to an existing single-family dwelling with the above noted variances.

The Development Planning Department has no objections to the variances, as the rear yard encroachment of 4.3 m is measured at the shortest point and only applies to a portion of the rear yard deck (uncovered platform). Given the deck is uncovered and complies with maximum height and minimum side yard setback of both By-laws there would be no negative visual or drainage impact to the abutting properties. In regards to the encroachment of 0.2 m for the side doorstep, the reduction is minor and will not inhibit the functionality and accessibility of the side walkway.

The Development Planning Department is of the opinion that the requested variances are minor in nature, maintain the general intent and purpose of the Official Plan and Zoning By-law, and are desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following condition of approval is recommended:

None
