Hi

I live behind the applicant at 41 Helena grds.

I see if I am looking at the plans correctly that the applicant wants to add on to his property. They have already removed a beautiful whipping willo tree as well as another tree from the back yard.

A tree that they did not remove broke during a storm last year and ended up in our back yard breaking the hedge as well as the pool stairs. When I approached them about a clean up and new stairs I was told that they would not be doing either.

Thus I feel that they can not take care of what they already have then should not be able to add any more to it.

There is already right beside them an illegal synagogue.

When are we going to start conforming to the rules already in place?

Thank you for your attention in this matter
