Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer

From: Nancy Tuckett, Director of Development Planning

Date: May 24, 2023

Name of Owners: Caterina Nappi & Vincenzo Imparato

Location: 16 Woodland Trail Court

File No.(s): A053/23

Proposed Variance(s) (By-law 001-2021):

1. To permit the minimum setback of the outdoor swimming pool to be 1.22 m from the interior side lot line.

By-Law Requirement(s) (By-law 001-2021):

1. The minimum setback of an outdoor swimming pool to any lot line shall be 1.5 m.

Official Plan:

City of Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Comments:

The Owners are requesting relief to permit the existing inground pool with the above-noted variance.

The Development Planning Department has no objection to the proposed variance for the pool as the reduction to the interior side yard setback is minor in nature and not anticipated to be perceptible. The pool also complies with the rear yard setback requirements in the Zoning By-law and maintains an appropriate area for safe access and maintenance.

Accordingly, the Development Planning Department can support the requested variance and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

None
