Dear Committee Members;

My name is Mahmood Ghinani and I am the owner and resident of 15 Cavalier Crescent, Thornhill. Pursuant to the Notice of Hearing for minor variance application A023/23 regarding 16 Cavalier Crescent property which is planned for the construction of a new dwelling, this email serves as my objection to the height increase requested by the new owners of the said property. The increase in the height of the new construction, if it proceeds, blocks the much needed afternoon sunlight in my house and adversely affects the quality of my residence. Therefore, I am herein protesting the height increase and respectfully request the committee to consider not to approve such variance and require revisions to the new construction plans. Thank you in advance for your consideration in this matter.

Sincerely,  
Mahmood Ghinani
