

Potential station locations

Four potential locations identified for study:

1. Woodbridge Foam Corporation lands (~7.6 ha)
2. Lands west of Kipling and north of the railway (~2.5 ha)
3. The Woodbridge Fair lands (~8.0 ha)
4. Lands east of Kipling and south of the railway (~1.8 ha)

The four potential station locations centred around the Kipling Avenue-railway crossing with the ICBL boundaries in red.
