Item No. 5

Future Concord Go Surroundings Plan

June 18, 2024

By Max Haim

Cortel Group's First Development

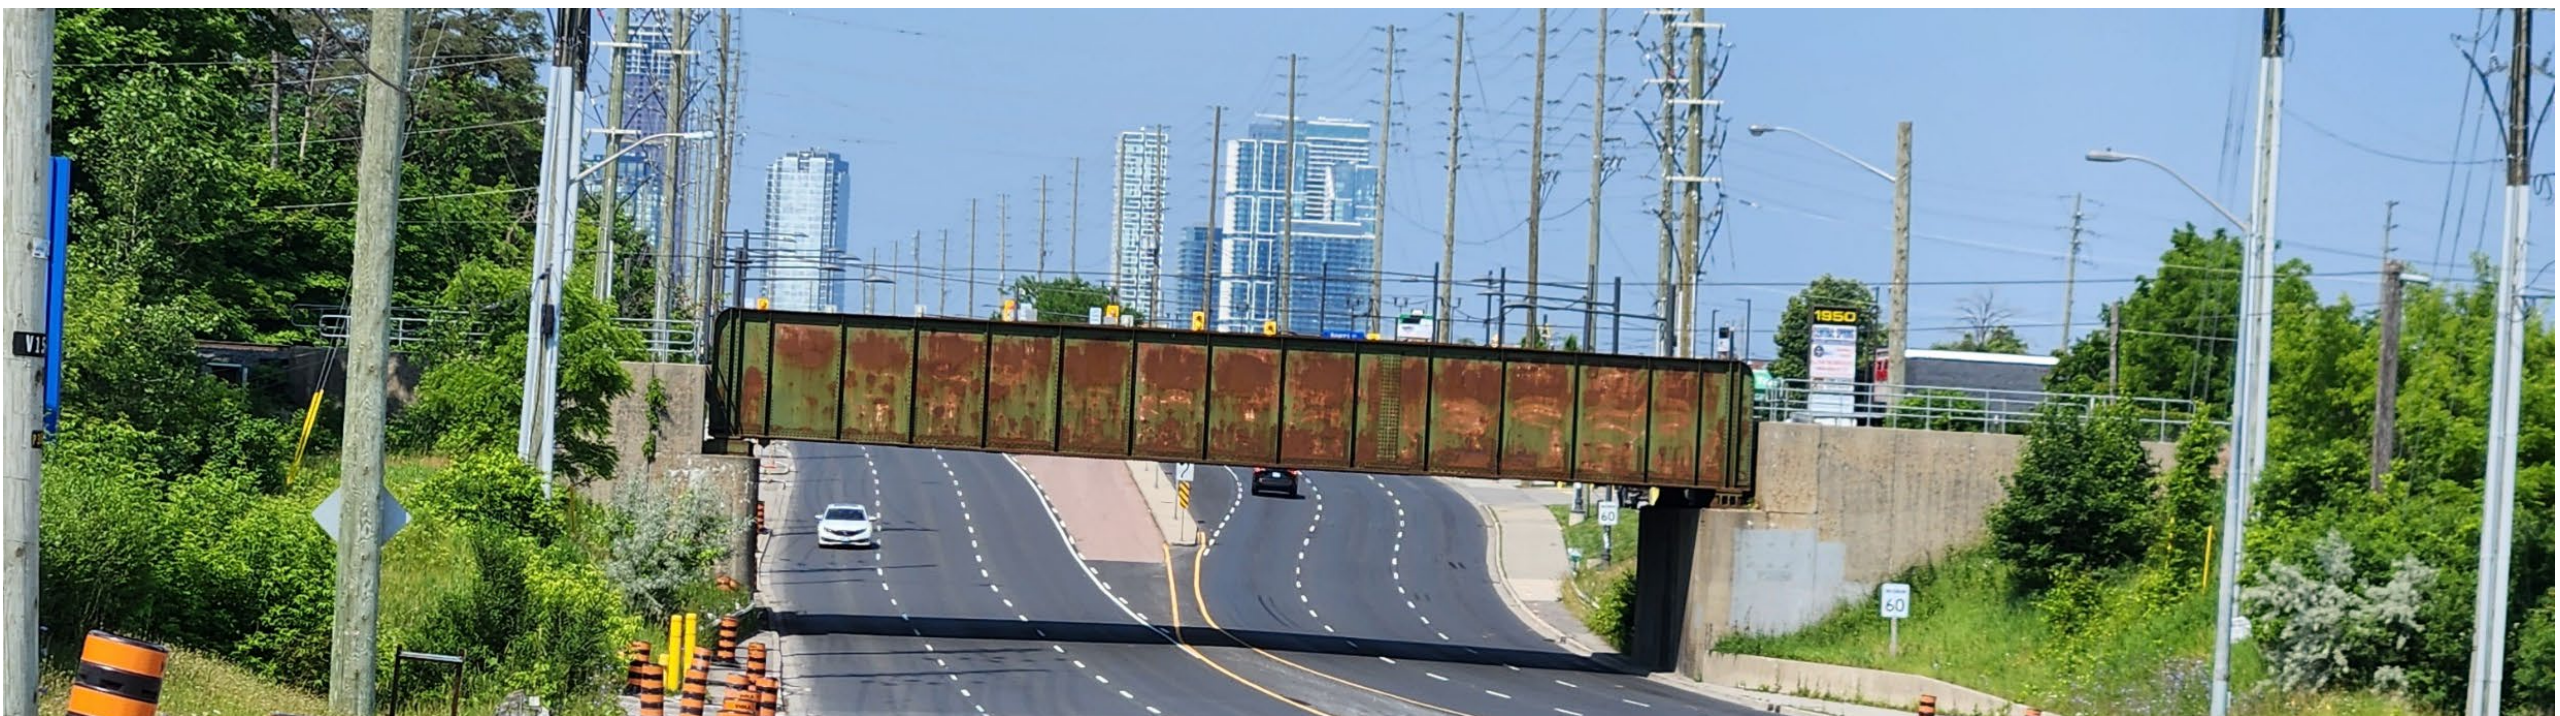

Concord Go

- Future Go Station
 - Primary justifications for these developments
 - Connects Thornhill to Toronto (30 min ride)
- Will be built eventually

Issue: The Bridge

Details

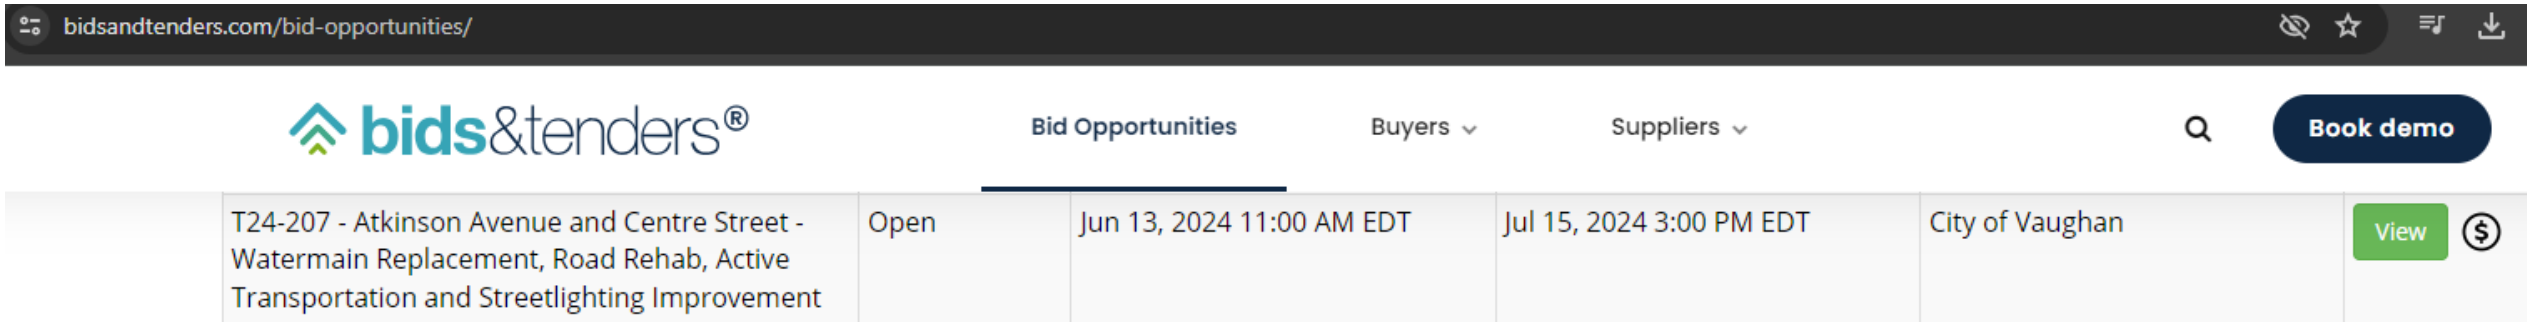

- Unfit for Active Transportation
 - Approx 2 hats Wide
 - Not Walkable
- No Space

Regular Sidewalk

Vaughans Vision – Active Transportation

The screenshot shows a web browser at the URL bidsandtenders.com/bid-opportunities/. The page features the 'bids&tenders' logo and navigation tabs for 'Bid Opportunities', 'Buyers', and 'Suppliers'. A search icon and a 'Book demo' button are also visible. The main content is a table with one row of bid information.

Project Name	Status	Start Date	End Date	Location	Action
T24-207 - Atkinson Avenue and Centre Street - Watermain Replacement, Road Rehab, Active Transportation and Streetlighting Improvement	Open	Jun 13, 2024 11:00 AM EDT	Jul 15, 2024 3:00 PM EDT	City of Vaughan	View 

Vaughan is being built for walking and bikes

- Atkinson is the newest Project

Important Considerations

- Bridge Replacement
 - Widen underpass
 - **Sidewalk** and potentially Viva Bus Lane

Other Note – Concord Go

- Don't need a long platform
 - Reduced, low cost should suffice NOW
- The Steakhouse can wait, build a hotdog stand

Lets Fix This, and Connect Thornhill
