Re Line item 6-15 – Motion by Councillors lafrate and De Francesca for Endorsement of Feasibility Study for Highway 407:

Highway 407 is underutilized due to high toll charges. This contributes significantly to heavy truck traffic on Highway 401 and regional roads which would otherwise make use of Highway 407. I strongly support the motion of Councillors lafrate and De Francesca asking that the province implement a one year pilot program that will subsidize or eliminate tolls dedicated truck lanes on Highway 407 and evaluate the impact on traffic congestion and efficiency. I am asking that Vaughan councillors vote to support this motion.

Thank you,

Ron Corkum
