Analysis and Options

The Application is consistent with the Provincial Planning Statement, 2024, and conforms to the York Region Official Plan 2022 and Vaughan Official Plan 2010 Provincial Planning Statement, 2024 ('PPS 2024')

The PPS 2024 is a policy statement issued pursuant to section 3 of the *Planning Act* and came into effect on October 20, 2024. All decisions made in respect of the exercise of any authority that affects a planning matter shall be consistent with this policy statement. The PPS 2024 provides direction on matters of Provincial interest related to land use planning and development province-wide, helping achieve the provincial goal of meeting the needs of a fast-growing province while enhancing the quality of life for all Ontarians.

The Subject Lands are within a Settlement Area, Strategic Growth Area, and Protected Major Transit Station Area (PMTSA). Further, the Subject Lands are located within the VMC, being the City's downtown. The Application establishes tenure for a pedestrian-oriented and transit-supportive compact urban form and the opportunity to provide mixed-use residential with varying unit sizes providing higher density that capitalizes on the transportation infrastructure investments, consistent with the PPS 2024. The Plan of Condominium facilitates ownership of variety of units in a high-density format, which provide housing for individuals and families in an urban setting. Staff are satisfied that the Application is consistent with the PPS 2024.

York Region Official Plan 2022 ('YROP 2022')

Pursuant to subsection 70.13(2) of the *Planning Act*, YROP 2022 is deemed to constitute an official plan of the City in respect of any area in the City to which it applies and will remain in effect until the City revokes or amends it.

The Subject Lands are located within the "Urban Area" on YROP 2022 Map 1 – Regional Structure and designated "Regional Centre" on YROP Map 1 – Regional Structure. Regional Centres are intended to contain the highest concentration and the greatest mix of uses in the Region. The high-density mixed-use development with compact urban form promotes efficient use of land that utilizes the investments in transportation infrastructure and supports economic growth. The variety of housing unit sizes enhances housing supply for individuals and households. Staff are satisfied that the Application conforms to the YROP 2022.
