MINOR VARIANCE APPLICATION FILE NUMBER A191/24

CITY WARD #:	1
APPLICANT:	Richard Wade Morrell & Sarah Mirinda Morrell
AGENT:	Tumber & Associates Ltd.
PROPERTY:	91 John Kline Lane, Kleinburg
ZONING DESIGNATION:	See below.
VAUGHAN OFFICIAL PLAN (2010) DESIGNATION:	Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"
RELATED DEVELOPMENT APPLICATIONS:	N/A
PURPOSE OF APPLICATION:	Relief from the Zoning By-law is being requested to permit a proposed cabana in the rear yard.

The following variances have been requested from the City's Zoning By-law:

The subject lands are zoned R1B(EN) – Estate Residential Zone (Established Neighbourhood) and subject to the provisions of Exception 14.336 under Zoning By-law 001-2021, as amended.

#	Zoning By-law 001-2021	Variance requested
1	In any Residential Zone, the maximum height of an accessory building and residential accessory structure shall be 3.0 metres. [Section 4.1.4. 1.]	To permit an accessory building with a maximum height of 3.75 metres.
2	No part of the accessory building shall be nearer to an exterior side lot line than 7.5 metres. [Exception 336, 1. c.]	To permit a residential accessory structure to be located a minimum of 1.0 metre from the exterior side lot line.

HEARING INFORMATION

DATE OF MEETING: Thursday, February 6, 2025

TIME: 6:00 p.m.

MEETING LOCATION: Vaughan City Hall, Woodbridge Room (2nd Floor), 2141 Major Mackenzie Drive

LIVE STREAM LINK: Vaughan.ca/LiveCouncil

PUBLIC PARTICIPATION

If you would like to speak to the Committee of Adjustment at the meeting, either remotely or in person, please complete the [Request to Speak Form](#) and submit to cofa@vaughan.ca

If you would like to submit written comments, please quote file number above and submit by mail or email to:

Email: cofa@vaughan.ca

Mail: City of Vaughan, Office of the City Clerk, Committee of Adjustment, 2141 Major Mackenzie Drive, Vaughan, ON, L6A 1T1

To speak electronically, pre-registration is required by completing the [Request to Speak Form](#) on-line and submitting it to cofa@vaughan.ca no later than NOON on the last business day before the meeting.

THE DEADLINE TO REGISTER TO SPEAK ELECTRONICALLY OR SUBMIT WRITTEN COMMENTS ON THE ABOVE NOTED FILE(S) IS NOON ON THE LAST BUSINESS DAY BEFORE THE MEETING.

INTRODUCTION

Staff and Agencies act as advisory bodies to the Committee of Adjustment. The comments contained in this report are presented as recommendations to the Committee.

Section 45(1) of the Planning Act sets the criteria for authorizing minor variances to the City of Vaughan's Zoning By-law. Accordingly, review of the application may consider the following:

That the general intent and purpose of the by-law will be maintained.

That the general intent and purpose of the official plan will be maintained.

That the requested variance(s) is/are acceptable for the appropriate development of the subject lands.

That the requested variance(s) is/are minor in nature.

Public written and oral submissions relating to this application are taken into consideration by the Committee of Adjustment as part of its deliberations and final decision on this matter.

COMMITTEE OF ADJUSTMENT

Date Public Notice Mailed:	January 23, 2025
Date Applicant Confirmed Posting of Sign:	January 16, 2025
Applicant Justification for Variances: <small>*As provided in Application Form</small>	Placing structure in allowable area would require removal of several mature trees along the rear and side property line which we're wanting to avoid (privacy).
Was a Zoning Review Waiver (ZRW) Form submitted by Applicant: <small>*ZRW Form may be used by applicant in instances where a revised submission is made, and zoning staff do not have an opportunity to review and confirm variances prior to the issuance of public notice.</small>	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>

DEVELOPMENT ENGINEERING

[Link to Grading Permit](#) [Link to Pool Permit](#) [Link to Curb Curt Permit](#) [Link Culvert Installation](#)

The Owner / Applicant shall ensure that the proposed accessory building does not negatively impact neighbours due to surface water runoff. The property should be properly graded, ensuring that surface water from the proposed addition does not flow onto adjacent lots. It's important to note that additions more than 10 m² necessitate a Grading Permit. Once the Grading Permit is obtained, please reach out to the Development Engineering Reviewer to clear the Condition imposed on this application. The proposed work by the Owner / Applicant is increasing the lot coverage on the subject property. The added hardscape may have impacts on the City's Storm Water management system. Development Engineering strongly encourages the Owner / Applicant introduce Low-Impact Development (LID) measures (e.g., bioswales, permeable pavers, rain gardens, rain barrels etc.) to reduce the impacts to the stormwater system. Should further information be required, please contact the Development Engineering COA reviewer. The Development Engineering Department does not object to the Minor Variance application A191/24, subject to the following condition(s):

Development Engineering Recommended Conditions of Approval:	The Owner/Applicant shall submit an application and obtain an approved Grading Permit before initiating any work on the property. The Final Lot Grading and/or Servicing Plan will be required for the Grading Permit Application. Please visit the Permits page of the City of Vaughan's website: Permits City of Vaughan to apply for a Grading Permit. For any inquiries regarding the Grading Permit, please email DEPermits@vaughan.ca
--	---

PARKS, FORESTRY & HORTICULTURE (PFH)

Recommended conditions of approval listed below:

PFH Recommended Conditions of Approval:	1) Applicant/owner shall amend the arborist report to the satisfaction of the forestry division. 2) Applicant/owner shall obtain a “Private Property Tree Removal & Protection” permit through the forestry division prior to any construction works on the subject property.

RECOMMENDED CONDITIONS OF APPROVAL SUMMARY

Should the Committee find it appropriate to approve this application in accordance with request and the sketch submitted with the application, as required by Ontario Regulation 200/96, the following conditions have been recommended:

#	DEPARTMENT / AGENCY	CONDITION
1	Development Engineering Rex.bondad@vaughan.ca	The Owner/Applicant shall submit an application and obtain an approved Grading Permit before initiating any work on the property. The Final Lot Grading and/or Servicing Plan will be required for the Grading Permit Application. Please visit the Permits page of the City of Vaughan’s website: Permits City of Vaughan to apply for a Grading Permit. For any inquiries regarding the Grading Permit, please email DEPermits@vaughan.ca
2	Parks, Forestry and Horticulture Operations zachary.quizzetti@vaughan.ca	1) Applicant/owner shall amend the arborist report to the satisfaction of the forestry division. 2) Applicant/owner shall obtain a “Private Property Tree Removal & Protection” permit through the forestry division prior to any construction works on the subject property.

All conditions of approval, unless otherwise stated, are considered to be incorporated into the approval “if required”. If a condition is no longer required after an approval is final and binding, the condition may be waived by the respective department or agency requesting conditional approval. A condition cannot be waived without written consent from the respective department or agency.

IMPORTANT INFORMATION

CONDITIONS: It is the responsibility of the owner/applicant and/or authorized agent to obtain and provide a clearance letter from respective department and/or agency (**see condition chart above for contact**). This letter must be provided to the Secretary-Treasurer to be finalized. All conditions must be cleared prior to the issuance of a Building Permit.

IMPORTANT INFORMATION

APPROVALS: Making any changes to your proposal after a decision has been made may impact the validity of the Committee's decision.

An approval obtained from the Committee of Adjustment, where applicable, is tied to the building envelope shown on the plans and drawings submitted with the application and subject to the variance approval.

A building envelope is defined by the setbacks of the buildings and/or structures shown on the plans and drawings submitted with the application, as required by Ontario Regulation 200/96. Future development outside of an approved building envelope, where a minor variance was obtained, must comply with the provisions of the City's Zoning By-law.

Elevation drawings are provided to reflect the style of roof (i.e. flat, mansard, gable etc.) to which a building height variance has been applied. Where a height variance is approved, building height is applied to the style of roof (as defined in the City's Zoning By-law) shown on the elevation plans submitted with the application.

Architectural design features that are not regulated by the City's Zoning By-law are not to be considered part of an approval unless specified in the Committee's decision.

DEVELOPMENT CHARGES: That the payment of the Regional Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Regional Development Charges By-law in effect at the time of payment.

That the payment of the City Development Charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the City's Development Charges By-law in effect at the time of payment.

That the payment of the Education Development Charge if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and the Boards of Education By-laws in effect at the time of payment

That the payment of Special Area Development charge, if required, is payable to the City of Vaughan before issuance of a building permit in accordance with the Development Charges Act and The City's Development Charge By-law in effect at the time of Building permit issuance to the satisfaction of the Reserves/Capital Department.

NOTICE OF DECISION: If you wish to be notified of the decision in respect to this application or a related Ontario Land Tribunal (OLT) hearing you must complete a Request for Decision form and submit to the Secretary Treasurer (ask staff for details). In the absence of a written request to be notified of the Committee's decision you will **not** receive notice.

Hi there,

The Region has completed its review of minor variance application A191/24 and has no comment. Please provide a copy of the notice of decision for our records.

Many thanks,

Christine Meehan, B.U.R.Pl., B. B. A | Planner (Intake Lead), Economic and Development Services Branch, Corporate Services Department

The Regional Municipality of York | 17250 Yonge Street | Newmarket, ON L3Y 6Z1

Our Values: Integrity, Commitment, Accountability, Respect, Excellence

Our Mission: **Working together to serve our thriving communities – today and tomorrow**

Please consider the environment before printing this email.

COA NOTE: York Region's comments relate to application A191/24 - 91 John Kline Court. "16 Dew Drop Court" was listed as an error.

To: Christine Vigneault, Committee of Adjustment Secretary Treasurer
From: Nancy Tuckett, Director of Development and Parks Planning
Date: January 21, 2025
Name of Owners: Richard Wade Morrell, Sarah Morrell
Location: 91 John Kline Lane
File No.(s): A191/24

Proposed Variance(s):

1. To permit an accessory building with a maximum height of **3.75 m**.
2. To permit a residential accessory structure to be located a minimum of **1.0 m** from the exterior side lot line.

By-Law 001-2021 Requirement(s):

1. In any Residential Zone, the maximum height of an accessory building and residential accessory structure shall be **3.0 m**.
2. No part of the accessory building shall be nearer to an exterior side lot line than **7.5 m**.

Official Plan:

Vaughan Official Plan 2010 ('VOP 2010'): "Low-Rise Residential"

Comments:

The Owners are seeking relief to permit an accessory building (cabana) in the rear yard with the above-noted variances.

The Development and Parks Planning Department has no objections to Variance 1 to increase the maximum permitted height of the proposed cabana from 3.0 m to 3.75 m and Variance 2 to decrease the minimum exterior side yard setback of the proposed cabana from 7.5 m to 1.0 m. The proposed cabana has a single-pitched roof slopes down to approximately 2.6 m in height towards the exterior side lot line. The cabana is compliant with maximum lot coverage requirements, and is adequately screened from the public realm by vegetation along the exterior side lot line and large mature trees along Westridge Drive to the north, which is in close proximity to the exterior side lot line. The 1 m setback provides sufficient space for access and maintenance, thereby meeting the general intent of the setback provision. Development Engineering staff have reviewed the application and does not anticipate any negative impacts on the stormwater management functions of the rear yard.

Accordingly, the Development and Parks Planning Department supports the requested variances and is of the opinion that the proposal is minor in nature, maintains the general intent and purpose of the Official Plan and Zoning By-law, and is desirable for the appropriate development of the land.

Recommendation:

The Development and Parks Planning Department recommends approval of the application.

Conditions of Approval:

If the Committee finds merit in the application, the following conditions of approval are recommended:

None

Hello,

Based on a review of our screening mapping, I can confirm that the subject property is not located within TRCA's Regulated Area. As such, any site alteration or development on the property would not require a permit from the TRCA.

Based on the above, we have no comments/requirements.

Regards,

Cameron McDonald

COMMENTS:

- We have reviewed the proposed Variance Application and have no comments or objections to its approval.
- We have reviewed the proposed Variance Application and have no objections to its approval, subject to the following comments (attached below).
- We have reviewed the proposed Variance Application and have the following concerns (attached below).

Alectra Utilities (formerly PowerStream) has received and reviewed the proposed Variance Application. This review, however, does not imply any approval of the project or plan.

All proposed billboards, signs, and other structures associated with the project or plan must maintain minimum clearances to the existing overhead or underground electrical distribution system as specified by the applicable standards, codes and acts referenced.

In the event that construction commences, and the clearance between any component of the work/structure and the adjacent existing overhead and underground electrical distribution system violates the Occupational Health and Safety Act, the customer will be responsible for 100% of the costs associated with Alectra making the work area safe. All construction work will be required to stop until the safe limits of approach can be established.

In the event construction is completed, and the clearance between the constructed structure and the adjacent existing overhead and underground electrical distribution system violates the any of applicable standards, acts or codes referenced, the customer will be responsible for 100% of Alectra's cost for any relocation work.
